## City warned of utility price hike

St. Albertans may find a painful increase in their electrical bills in the future, according to former Mayor Richard Plain, in a presentation to city council Monday night.

He said the increase could come about as a result of the repeal of the Public Utilities Income Transfer Act by the Federal Government. Under this repeal, 95 percent of corporate taxes on publicly owned gas and electrical utilities will no longer be rebated back to the province. Dr. Plain stated that this meant a loss of \$33,000,000 for electrical utilities alone.

As the Alberta representative on the Canadian Consumers Association, Dr. Plain said the group was concerned about price discrimination throughout the province. Areas served by private corporations such as Calgary Power will no longer benefit from the rebate and so customers can expect a

10-12 percent increase on their electrical bill. Those customers served by crown or public corporations will not be subject to the increase.

Dr. Plain said that the repeal will put St. Albert at a competitive disadvantage in the city's industrial parks. He commented that in addition to the increase caused by the repeal, there are still proposals for normal increases before the Public Utilities Board.

Dr. Plain requested that citizens write to the Prime Minister expressing opposition to the federal move, or to Premier Lougheed. He recommended that citizens request the Premier to see that Albertans do not have to bear the burden if the federal government goes ahead with its plan.

Council moved later in the meeting to draft a resolution on the matter at its committee of the whole meeting.

### CLAMOR FOR CULTURE!

The usually tranquil surroundings of St. Albert's City Hall building, were enlivened Monday night by the presence of these demonstrators. The group of thirty or more placard-bearing residents, attended the regular meeting of council to express their support for a cultural centre. More will be heard about the state of culture in St. Albert at the next regular meeting of the council, on October 16.

## Demonstrators picket council - support cultural centre

It was obvious at Monday night's meeting of council that culture and the arts are alive and well in St. Albert. Aldermen parking their cars in the city hall parking lot were greeted by the sight of over 30 demonstrators, waving signs in support of a cultural centre in St. Albert. The demonstrators covered

all age groups and were members of various cultural organizations around the city. They had been rallied to the scene by 'Arts in Action', an action group of artists and art lovers who are working to promote the idea of a cultural centre here.

The demonstrators were present at the Monday night

meeting to be present at the presentation of the Ad Hoc Citizen's Committee report on Cultural Activities. However, a misunderstanding

between members of the committee and the council regarding the presentation date caused problems. The Please Turn to Page 2

## Grange Avenue Apts. approved

A proposal for a 76 unit apartment building led city council into a general discussion of planning principles and public reserves at its regular meeting Monday night. The project has been proposed by Abacus Cities Ltd. and would be located at 4 Grange Drive. Council approved the Development Control Resolution, with one amendment.

In presenting the Municipal Planning Commission's

recommendation on the proposal, Ald. Barry Breadner stated that it was the unanimous opinion of MPC that the building was well designed and would be an asset to the community. It was believed by the commission that this complex would set the tone for the area, he said.

The apartment complex will be located on a site of 2.99 acres. There will be 22.3 Please Turn to Page 2

## Usher property rezoned for commercial use

The controversial Usher property was once again on city council's agenda Monday night, and as in the past, the subject led to discussion of the St. Albert Trail. The item under consideration was a bylaw to amend the zoning of the Green Grove lot from institutional to commercial. It has been proposed that an office building be built on the site.

Before council dealt with the bylaw, a public hearing was held to sound out public opinion on the zoning change. Representing the Stur-

geon Action Committee, Peter Budney re-iterated the committee's position that the future design of Highway 2 through St. Albert should be planned before any more development on the west side is approved. Mr. Budney said that the committee does not oppose commercial development in this area, but the group felt time should be taken to examine future requirements for the highway. The committee is particularly concerned about safety features, future alignment. Please Turn to Page 2

## Leitch blasts Feds

Provincial Treasurer Merv Leitch, said September 27 that the Federal Government's recent unilateral decision to repeal the Public Utilities Income Tax Transfer Act was unacceptable to Alberta. The adverse effects on the customers of Alberta's privately-owned utilities, as well as the lack of prior consultation, were matters of the gravest concern to the province, he said.

The total cost to Alberta of the Federal decision would be about \$50 million for 1979, the minister stated. He described the Federal Government's action as discriminatory against Alberta consumers and added that it also appeared to be in direct conflict with the Federal Government's announced intention of restoring investor confidence in Canada.

The federal decision terminates a program that has been in place for 31 years, to place the customers of privately-owned utilities on the same footing as customers of tax exempt publicly-owned utilities. Between 1947 and 1965, inclusive, the Federal Government transferred to the provinces 50 percent of the federal tax paid by utility companies in respect of the Please Turn to Page 2

### MEDICINE MEN

These fellows don't give an impression of your average medical students. The U of A medical students donned costumes for their annual bar rally on Saturday. Those completing the course finished with a supper and dance in Ardrossan. Dave Willox (left), was talking over some medieval medicine with the English knight at right, before trying out the Bruin Inn's potion. Photo by Al Popil

## demonstrators support

Continued From Page 1  
report was not on the agenda for Monday evening, and is slated to be included in the agenda for the next regular meeting on October 16. Speaking on behalf of the Community Services Advisory Board, which was commissioned by council to do the report, Mrs. Doreen Rowe said the board members "were under the distinct impression we were scheduled for tonight. I don't see how this happened." She pointed out that the Gazette had also said the presentation was to be Monday night.

Although she did not have the opportunity to present the report, Mrs. Rowe had some comments about the fact the report has been termed by some as a "secret" report.

"There is nothing secret about it," she said. "The CSAB was commissioned by council to prepare the report. We decided that rather than splash it around, we would report to council alone, as they were the ones who commissioned it."

Mayor Ronald Harvey

emphasized that the request for the in-camera presentation, had come from the CSAB.

The report will be presented at the October 16 meeting.

### DEMONSTRATORS UNDAUNTED

The fact that the report was not to be presented did not diminish the enthusiasm of the demonstrators, who remained to state their case. Spokesman Carol Stanton told members of council the demonstrators represented the user groups of local cultural facilities. She stated the group supported the idea of a cultural centre in St. Albert.

"When you read the report I hope you will be thinking there is a group willing to support a cultural centre both morally and financially," commented Mrs. Stanton. She said the group could help to raise funds.

Mrs. Stanton said the cultural community hoped the centre would encompass a theatre, an art gallery and a place for arts and crafts.

### Arts Advocate

Carol Stanton wears a serious expression as she tells council of the enthusiasm for a cultural centre in St. Albert. Carol and the group for which she spoke, "Arts in Action," promised their moral and financial support to make the centre a reality.

who had appeared before MPC had stated flatly that he could not pay the price demanded while adhering to the density permitted on the property, and still turn a profit.

Aldermen had other questions about the proposed development. In answer to a question about road configurations, Ald. Breadner said that the access from Garnett Street onto Gate Avenue should be closed, as it is too close to the Grange Avenue access to be safe. However, he said that residents in the area would not lose access to the road.

In response to a question from Ald. Bakker regarding the land dedication, City Administrator Bob Byron stated that the city was not authorized to acquire reserve lands as no subdivision would be carried out. Ald. Bakker expressed concern that the five percent land dedication that was made in 1955 was under the maximum that could be obtained now. Mrs. Bakker commented that the city should try to get the 10% which is allowed for high density areas.

Mrs. Bakker also had some comments on the density

criteria for the area. She said she believed these figures came in after the design brief for the area. However, Ald. Breadner indicated they were approved by council as part of the brief. Mrs. Bakker then remarked that council should study these densities and see if they are in agreement.

"Gate Avenue, Grandin Road and Gervais Road are all being widened to four lanes. What was the rationale that put the northwest corner in a lower density than any of the others?" she asked.

Ald. Breadner said the 9-12 units permitted per acre were felt to be an effective interface with single family dwellings and high density multiple housing.

Ald. Roger Ayotte had a comment regarding the preference for comprehensive development.

"I personally prefer some of the smaller developments rather than the very large ones. Some of the smaller independent developments on individual lots have some advantages," said Mr. Ayotte.

Ald. Bakker then moved to amend the Development Control Resolution, to include a clause saying the resolution was subject to the signing of a letter of intent, and subsequently, to the terms of the development agreement. The motion as amended carried with Ald. Breadner in opposition.

As a result of discussions about reserve lands, Mrs. Bakker moved that the Municipal Planning Commission look into increasing the five percent dedication in lieu of land to 10 percent. The motion carried.

## Leitch

Continued From Page 1  
distribution and sale to the public of electrical energy, steam and natural gas. Beginning in 1966, the proportion was increased to 95 percent in response to provincial arguments that privately-owned utilities were still at a significant disadvantage. (The five percent withheld was to compensate the Federal Government for the dividend tax

credit claimed by shareholders of the utilities).

These transfers to the provinces have been unconditional. Alberta strongly supported the program's objective and the federal transfer payments, as well as 100 percent of the related Alberta income tax, has been passed on to consumers in the form of reduced utility

rates.

The Provincial Treasurer added that the decision strikes directly at the private sector which the federal government recently claimed it is trying to encourage. "How can the private sector be encouraged when government policy penalizes its consumers?" Mr. Leitch added.

## Usher property

Continued From Page 1

ment and service roads, said Mr. Budney. He stated that Alberta Transportation is now in the process of looking at the Highway here.

Ald. Bakker asked Mr. Budney if the committee voted on resolutions to determine the committee's position on different proposals.

"I am getting different messages from different SAC members," said Mrs. Bakker. "Some say they don't mind commercial development and some won't have it and want a park," she commented.

Mr. Budney said the committee voted on such proposals.

Later in the meeting, first reading was passed on a motion from Ald. Thronson. Mr. Breadner then moved second reading, at which point Ald. Shields spoke against second reading.

"I favour this development but we must find out where this highway is going to be. Let's deal with the planning and not go through this dull exercise again," said Ald. Shields. Mr. Shields said council "should proceed with established planning principles" and questioned why council was deciding that rezoning "without an align-

ment of future widening before us." He then asked that council not ask for unanimous consent.

### BAKKER CHANGES POSITION

Although Ald. Bakker opposed the zoning amendment on first reading, she stated that she had changed her mind, and would vote for it, as "road widening wouldn't affect this particular property."

Ald. Thronson expressed agreement with Ald. Shield's intentions, but thought Ald. Bakker was correct in her statement that the property in question would not be affected by the widening.

After some discussion of procedure in respect to a request for unanimous consent, Ald. Shields said he would not block unanimous consent.

"I think an error is being made regarding planning, but the die is cast," commented Ald. Shields. He said he would vote against third reading.

Ald. Breadner moved unanimous consent, which carried. On a motion from Ald. Thronson, third reading also carried, with Ald. Shields in opposition.

### MUSICAL MARINERS

Pitch and Spice "hit the road" recently and took their music to Alaska, on what proved to be a most successful tour. Members of the two groups are seen here disembarking from the Keno at Dawson City. Now that they have returned, the popular singing groups invite the public to their next concert entitled "Memories, From the Beginning." The concert will be held tomorrow, Thursday, October 5 at 7:30 p.m. in the Roman Catholic Church. Silver plate at the door.

## Smith elected to AUMA

The recent conference of the Alberta Urban Municipalities Association was a particularly rewarding one for St. Albert Alderman, Margaret Smith. Mrs. Smith was elected to the AUMA executive for a one-year term. At Monday night's meeting of council, Ald. Barry Breadner was joined by other members of council in congratulations to Mrs. Smith.

MARGARET SMITH

## Grange Ave. Apts.

units per acre, which yields a density of 54-60 persons per acre. This is in accordance with the Ball Estate Design Brief density designations. The project will feature underground parking, tot lots, an amenity area and open space. It is similar to the Abacus Development

being constructed north of the Sturgeon River.

However, Mr. Breadner said that not all MPC members had voted to recommend the project be approved.

"One dissenter wished to wait it out," said Mr. Breadner. "He said it was piecemeal and wanted to wait for a more comprehensive development."

When asked to elaborate on the dissenting opinion, Mr. Breadner stated that he himself was the line dissenter. He said he had wanted to see if other properties in the area could be consolidated into a comprehensive development. However, Mr. Breadner said that in fairness to other MPC members, he felt obliged to point out that even if the project were delayed for this reason, a comprehensive development might still not be possible.

Mayor Ronald Harvey commented that the developers had done their best to consolidate properties in the area. However, the mayor commented that "if the people who own the land charge an outrageous price, we can't protect them."

Ald. Breadner remarked that the prices being asked for the properties in question "go way beyond" the densities which they are assigned in the Ball Estate Brief. He added that one developer

## Thank You

We wish to express our sincere thanks to relatives, friends, and neighbours for the kindness shown in the sudden loss of our dear husband, father and grand-father, Walter. Your cards, phone calls, visits, bakings, flowers, heart fund contributions are greatly appreciated.

Special thanks to Reverend Fathers, C. Levangie, D. LeBlanc and M. McCaffery, to Altar boys, Mrs. Tellier and Mrs. Willas for their participation in the mass, and thanks also to those who served as pallbearers.

Having the support and prayers of so many people makes these times easier to bear. We would like to extend our thanks to the staff at Club Mocombo for serving a lovely lunch.

Our thanks also go to the St. Albert Paramedics, R.C.M.P., Dr. Gray and staff at Sturgeon General Hospital.

Mrs. Mary Warshawski and family

Alberta Municipal Affairs

### Notice of Adoption of Assessment Roll 1978

SPECIAL AREAS NO'S 2, 3, 4 AND ALL IMPROVEMENT DISTRICTS

Notice is hereby given that the assessment rolls of SPECIAL AREAS NO'S 2, 3 and 4 and all IMPROVED DISTRICTS, made under the provisions of the Municipal Taxation Act, have been prepared and will, for thirty (30) days, be open to inspection at the Department of Municipal Affairs, Jarvis Building, 9925 - 107 Street, Edmonton, Alberta, during business hours. Any person who desires to object to the entry of his name or that of any other person upon the said roll(s), or to the assessed value placed upon any property must, within thirty (30) days from the date of this notice, lodge his complaint(s) in writing with the Department of Municipal Affairs.

Dated this 29th day of September, 1978

Deputy Minister  
Alberta Municipal Affairs

## Are you enumerated?

The 1978 Alberta Provincial Enumeration is complete. More than a million names will appear on voters' lists throughout the province in anticipation of the next provincial election.

If you were not enumerated during the enumeration period which ended September 30, and if you are a Canadian citizen 18 years of age or older, resident in the province for the past six months, you may have your name added to the list of

electors during the October sittings for revisions.

Heather Nielsen, returning officer for the St. Albert Constituency advises that Electoral Lists have now been posted in all areas of the constituency, so that residents may check whether their name is included. Names to be added must be added during the sittings, to be held at Mrs. Nielsen's office at 47 Grandora Crescent on the following dates:

From October 10 to Octo-

ber 13 inclusive from 10 a.m. until 4 p.m.

From October 16 to October 20 inclusive from 10 a.m. until 4 p.m.

October 12 and October 19 from 6 p.m. until 9 p.m.

If you cannot locate the Electoral List in your neighbourhood you may call Mrs. Nielsen at 458-6688 to find where the list is posted.

## Think safety

As we are approaching the cooler weather it is time to get prepared for the winter ahead.

Fire Prevention Week this year is October 8 - 14. This is the time when you put a little extra effort into correcting any defects that could cause a fire, by checking and servicing your heating appliances, extension cords and doing away with any small hazards found. Remember, no storage of gasoline in a home. If you would like to have your home inspected all you have to do is phone the Fire Hall at 459-7021 and the Fire Department will be glad to oblige.

Installation of smoke alarms in homes is for the purpose of waking you up in the early stages of a fire giving you a chance of getting out safely and cutting down on the spread of fire. Good Fire Prevention practices do reduce fire losses.

In case of Fire call 459-7777.

Every fire has a cause to start. Do not be part of this cause. THINK FIRE SAFETY ALWAYS.

### PRACTICE RUN

Firemen may get accused of loafing while waiting for a fire call, but not so with the St. Albert department. The men are out practicing every chance they get during the day shift at the Akinsdale Arena. Second year fireman Claude Trics, receives instruction from Captain Paul Poulin on the proper use of the pumper truck operation.

## Ann Smith new district 3 chairman

Trustees of the Catholic School Board reorganized their committees and elected a new chairman and vice chairman at their regular meeting Monday.

Second term trustee Ann Smith is the new chairman replacing Steve Sieben. Jerry Manegre repeats as vice chairman for his second year.

Accountant Ken Porter will once again take on the position of finance chairman on a committee with Jerry Manegre. Ann Smith and Ken Porter will handle the duties of the Board Policy Committee as well as sitting in on the Policy Advisory Committee and the Administration Council. Ann Smith and Jerry Manegre become members of the Building and Site Committee through their respective roles as board chairman and vice chairman.

Recently elected trustee Don Lavoy and past chair-

man Steve Sieben will look after the duties of the Salary and Negotiations Committee as well as the Selection Committee.

Steve Sieben will be the Board's representative on the Christian Education Committee. Jerry Manegre will sit on the Joint Use Committee and Don Lavoy will take in the Alberta School Trustees for Bilingual Education Committee meetings.

The two man Board Policy and Finance Committees represent a return to traditional committee form following last year's move to five man committees in these important areas. As new trustees the Board members felt it would be in their best interests to become familiar with the workings of these committees through total Board membership on them.

## RCMP Report

The St. Albert detachment of the RCMP has no suspects in the indecent assault incident of two weeks ago, but the investigation is continuing.

Six narcotics cases were handled in court. Daniel Hubert Nobis of 13582 - 140 Street, Edmonton was fined \$300, or in default 30 days, for possession of a narcotic. Raymond George Bacon of 8411 - 134 Avenue, Edmonton was fined \$100 and in default, 21 days; Jeffery Todd Coombs of 25 Flagstone Crescent was fined \$100 or 21 days in jail; Darrell Russell Tate of 87 Grandora Crescent, St. Albert was fined \$100 or in default 21 days; David Robert Durand of 15 Maple Crescent, St. Albert was fined \$100 or 21 days and Daniel Gordon Lewis of 16305 - 109A Avenue, Edmonton, was fined \$100 or 21 days; all for possession of a narcotic.

In four other court cases

Terrence John McGovern of 15 Farmstead Crescent, St. Albert, was convicted of theft and mischief and sentenced to probation for 18 months. Noel Meurier of 59 Sunset Blvd., St. Albert was fined \$250 or 30 days for driving while over .08. Laurie Victor Betty of Edmonton was fined \$200 or 30 days for suspended driving, and Kenneth Mills of #6, 10885 - 146 Street, Edmonton, was fined \$300 or 35 days for driving while over .08.

### VEHICLE ACCIDENT CLAIMS LIFE

At approximately 7:30 a.m. on September 28, 1978 a '78 Ford half-ton and a '74 Chev. half-ton were involved in a head-on collision about 2.5 miles south of Legal on Highway 2. Mr. Lorne Weaver of St. Albert died as a result of injuries received. The accident is still under investigation.

## You Are Invited

### BREAK BACKS UP TRAFFIC

Pounding Pylons for a pedestrian bridge indirectly resulted in a massive traffic jam last Friday, when a water main broke at the north end of the Perron Street bridge. Police were out in force directing traffic - town trucks and staff converged at the break. It took 45 minutes to get from Grandin Mall to Perron Street at the height of the confusion Friday, about 5 p.m. The break occurred about 11 a.m. and city worker Marshall Seratinchon is seen at work on the cracked pipe. Meanwhile, water was cut off to nearby users.

### City staff to look at cul-de-sac plan

The slated permanent closure of a portion of Boudreau Road has prompted a reaction from the residents of Flagstone Crescent. The residents are concerned that the nature of Flagstone Crescent is being gradually altered from residential to collector road as more traffic uses the route. Residents of Fleetwood Crescent and parts of Braeside use the crescent as a through route to Boudreau Road and Hebert Road.

The residents are particularly concerned about the status of their street, once Boudreau Road has been realigned to the east and widened to four lanes. The stretch between Flagstone

and Churchill will be closed. The residents feel that this closure will increase traffic on the easterly portion of the crescent.

To alleviate the situation, the residents have proposed that a cul-de-sac be created where Flagstone presently connects with Boudreau Road. Despite minor inconvenience to themselves, the residents feel this would restore the street to its intended function as a local

thoroughfare. In considering the delivery of emergency services, they propose that part of the present Boudreau Road between Fernwood and Flagstone be left open, at a reduced width. They suggest a landscaped buffer could be inserted in that part of Boudreau not required for emergency access. This would improve the interface between single family dwellings at the end of Flagstone

and Fernwood and the proposed final stage of the Forest Grove condominiums.

Accompanying the residents proposal to council was a petition, signed by all residents of Flagstone Crescent directly concerned by the proposed cul-de-sac.

City council referred the matter to Engineering and Planning Staff for review and a subsequent report to council.

### Effect of teens on tots pondered

A discussion of the Teen Society lease Monday night caused city council to ponder briefly the relative traits of tots and teens. The society has never been governed by a lease in the past, and questions arose over time conflicts with the Day Care Centre, with whom the teens share a building.

Ald. Rod Thronson raised the question when he observed that the Teen Centre is open during the noon hour. He questioned if this might not create conflict with the

day care centre. His concern was echoed by Ald. Bakker, who commented "teens are teens, and there may be a conflict in time. I would like to see this overlap deleted."

However, Ald. Margaret Smith did not agree with this prediction and moved that the lease be adopted.

"Cross age interaction has been proven to be beneficial to both age groups," commented Ald. Smith.

Ald. Ayotte said he had heard there had been some problems with the teens and small children and remarked

he would like to hear from the Day Care Society.

Ald. Thronson suggested that "as smoking has been cut off at Paul Kane, maybe that's the kind of interaction going on between 11 and 12 noon."

Ald. Shields suggested conflict might arise as the day care children worked on structured time, while the teens will be there during unstructured time. A motion from Ald. Bakker that the matter be tabled until council heard from the Day Care Society was defeated. Ald. Bradner then moved the matter be referred to staff for consultation with the affected parties.

In commenting on the referral motion, Mayor Ronald Harvey expressed admiration for the work of the Teen Society, and said he didn't see a conflict with the Day Care Centre.

"The Day Care Centre shouldn't penalize the teens," he commented.

Ald. Smith said she could support the referral, but said she could not support the exclusive use of the city-owned building by any one group.

The referral motion carried.

## Bakker calls for more public participation

Members of council were given food for thought Monday night when Ald. Liesbeth Bakker served up three motions for their consideration.

Ald. Bakker moved that Development Control Resolutions be put through the same public participation process as is required for amendments to the zoning bylaw.

In presenting this motion, Ald. Bakker stated that it was "time we gave the public a chance to give input into Development Control Resolutions. With the new zoning bylaw, people will discover that certain land uses have been put on properties that they don't realize."

"I hope that isn't an implication that this has happened here," responded Ald. Margaret Smith. Mrs. Smith went on to say that Development Control Resolutions cover two categories of land: those with highly specified uses and those parcels which are in Special Study Areas, such as the Oblates land. Mrs. Smith said she supported the intent of the motion but added that she didn't want people "to come over and over to hearings on the same piece of land."

Ald. Breadner congratulated Mrs. Bakker on her motion, but said it would require further checking by staff. Ald. Thronson agreed, as did Mayor Harvey. A motion to refer the matter to staff carried.

### GAZETTE GETS DELETED!

Mrs. Bakker's second motion concerned the advertisement of zoning changes. Her original motion provided that at least one advertisement be placed in the last issue of the Gazette that precedes the public hearing date.

Ald. Margaret Smith took exception to specific mention of the Gazette, which she

said would "tie the hands of staff." Ald. Breadner agreed and proposed an amendment that "at least one advertisement be placed in a local St. Albert paper." The amendment carried. A further amendment stated that the ad should be placed "such that it conforms with the time provisions of the Planning Act." This amendment carried, as did the motion as amended.

Mrs. Bakker's third motion was couched in the language of the new Planning Act, and the mover was called upon to explain the meaning of the term "area structure plan." Mrs. Bakker

said this term would correspond with "outline plan" or "design brief" but that it takes the form of a bylaw. Mrs. Bakker's motion provided that "further development of sector one of the Ball Estate area be considered when an area structure plan for that area has been adopted by council pursuant to section 62 of the Planning Act. "Sector One of the Ball Estate includes the area between the Big M and the Usher Property. The motion carried, with an amendment to include the legal description of the area.

### FALL SPRAYING

The time has past when those nasty dandelions let their offspring go into the wind, to re-appear in the spring and ruin the lawn. To help combat the spread of the little flowers, Willie Thirssen, using the Herbicide 2-4-D, is completing the fall spraying program. The city sprays public property every spring and fall to help keep our parks free of the weed.

## Bylaw to amend general plan passes

City council appeared to have exhausted the possibilities for debate on General Plan amendments by Monday night's meeting, when they handled the matter with dispatch. The bylaw to amend several items in the General Plan was the subject of lengthy discussion at council's last regular meet-

Ald. Barry Breadner moved third reading of the bylaw, prompting Mr.

Shields to report that he would vote against the bylaw. Ald. Shields said that one item included in the amendments, the Usher property, lacked an "area structure plan." He said the city had no idea where the proposed widening of Highway 2 would take the road. He also stated that more information was needed regarding the ravine setback.

Ald. Thronson took exception to Mr. Shields

remarks regarding the ravine, saying that it had no bearing on the Usher property. Mr. Shields responded that council had no idea where the service roads or road alignment would be. Mr. Breadner disagreed, stating that it was known where the service road was to be located.

Third reading of the bylaw carried, with Ald. Bakker and Ald. Shields opposing.

## The Gazette Reflects

### On private schools

Earlier this year Trustee Wes Penner of the St. Albert Protestant School District received a telephone call from an individual who expressed some interest in opening a private school. The thought that someone would want to start a private school in St. Albert, where two-school systems are presently operating, gave Trustee Penner reason to believe the whole matter of private schools springing up around the province should be the subject of a provincial government study. He moved that District 6 sponsor a resolution to this effect at the annual meeting of the Alberta School Trustees Association. If passed the ASTA would then be in the position to lobby the provincial government for such a study.

The individual referred to by Trustee Penner was Alfred Schalm, a school teacher and member of the Elim Pentecostal Church. When contacted by the Gazette Mr. Schalm said a primary motivation behind opening a church-sponsored private school in St. Albert was to have the "school and the home aiming at the same goal." He said there was a trend away from traditional values and that the Elim Chapel school hoped to reverse this trend by placing emphasis on "loyalty and responsibility - staying with something once you make a commitment - various things I think are important to a society."

A major difference in curriculum from that of the public school system would be the treatment accorded the teaching of evolution. Mr. Schalm said, "you can't pick up a book without it presenting evolution as the established fact." He said evolution was still a theory or assumption and that the Genesis theory was deserving of equal classroom time.

He also felt a private school would be able to strive for higher quality in education although at present the Elim Chapel did have a constraint in the ability to offer phys-ed programs.

Elim Chapel school would use an American based curriculum, Accelerated Christian Education, currently being used by the Community Christian Academy (People's Church) in Edmonton. The curriculum is now being adapted to suit Provincial Department of Education standards.

At present the private school does not have any teacher committed to the program. The school would also have to be self supporting for a period of three years before it would become eligible for provincial funding. The church would be prepared to subsidize the school to a certain extent with the rest of the costs being picked up by the parents of its students. About 15 to 25 students would be registered for the school's first year of operation which will not be known until negotiations are completed with the provincial government.

Trustee Penner's resolution consisted of two parts, the first of which is listed above. The last asked that the study into causes for establishment of private schools also 'ascertain alternative ways of accommodating these groups of persons within our public and separate school systems'. He said that the resolution assumes the Alberta Government is willing and able to accommodate persons with a wide range of cultural, educational, philosophical and religious views in the school system.

Mr. Schalm gave as reasons for opening a private school some basic beliefs that members of his church feel very strongly about. On the other end of the spectrum are groups of people who feel quite different about the education of their children. Ascertaining ways of accommodating all groups will not be an easy task and it is doubtful that it can be done in any sort of practical manner.

The example of a private school in British Columbia who advertised last year for a principal "having a Christian background" and was challenged by the Human Rights Commission, points to the difficulties of Mr. Penner's approach of accommodating all groups within existing school systems. In B.C. the school board was upheld by the courts in its advertising, but only because the school was not publicly funded.

It may well be that more and more parents of various attitudes will be seeking private school training for their children, in view of current debate and criticism of the existing school/university system. One reason being the considerable difficulty in getting changes accomplished in that enormously complex system, and the time it takes. Their aim will be same as Mr. Schalm's - a higher quality of education but differing as each group interprets higher quality.

"We all make mistakes, Jones. And I hope you won't let this one destroy the confidence you'll need to find another job..."

### Sturgeon Hospital receives favorable comments

Following are some of the highlights of the Sturgeon Hospital Board meeting held on September 27:

Administrator Cliff Keyes informed the Board that on August 24 two members of the Visitor's Committee, which is appointed by the Department of Hospitals and Medical Care, appeared at the hospital unannounced. Once they had identified themselves, Mr. Falconer and Mrs. Fisher were given a tour of the hospital, following which they talked to different patients and staff members. Their reports reflected very favourably and they remarked that the hospital had high morale.

The Board was in favor of the hospital inquiring about purchasing approximately 2,900 sq. ft. of land on the east side of the hospital property. The largest portion of this area presently belongs to the Oblate Order. The reason for the purchase is to straighten out the lot line on the east side for a possible expansion to the parking lot.

Medical Staff President Dr. Fairfield was interested in the Board's feelings of

attending the next staff meeting. The Board agreed, as most members felt it would be a good idea.

Chief of Staff, Dr. Gray, informed the Board that the hospital was not properly facilitated to handle the

LeBauer method of delivering babies. Therefore, the hospital will not allow this method be used in the hospital. The method utilizes low lighting during the delivery, and both parents especially the father attend

to the infant for at least the first hour.

The hospital received its renewed accreditation certificate from the Canadian Council on Hospital Accreditation.

### Date is established

At its regular meeting Monday night, city council moved to establish Wednesday, October 25 as the date when the Court of Revision will hear complaints regarding the 1978 Business Assessment. Those who wish to discuss their business tax should attend the court at 7:30 p.m. at the town annex.

First reading was given to a bylaw to authorize the issuance of debentures for the construction of storm sewers and relocation of power, gas and telephone distribution in the Riel Drive area. The bylaw authorizes the borrowing of \$154,244 for the improvements.

Council gave its approval

to a agreement for the release of emergency medical supplies and equipment. The agreement is with the Emergency Health Services department of the provincial government, and provides that emergency care will be provided between the two levels of government. Ald. Barry Breadner commented that the agreement was "nothing the city need worry about, although it is couched in the language that senior levels of government reserve for junior levels of government."

In response to a letter from a resident regarding the use of private property by the public, council moved that the construction of a re-in-

forced concrete wall on the west property line of 9 Sylvan Drive be recommended to the budget committee. The motion carried.

On a motion from Ald. Roger Ayotte, council voted to contribute \$1,500 to the pee-wee team of the Hercules Sports Association. The team will go to Winnipeg to represent the city and province on October 7, 8 and 9 at the Western Canada playoffs.

Council awarded the contract for the construction of a rail spur at the Campbell Industrial Park to A & B Rail Contractors Ltd. The tender was for \$42,745.

### Thank You

We wish to extend our heart-felt thanks for all the kindnesses shown to us during the loss of our dear brother Del. A special thank you to Rev. Musto, Dr. Ramer and to the ladies of the U.C.W.

THURSDAY, OCTOBER 5 - General meeting for all mothers of Brownies and Guides in the Mackenzie district. Lorne Akins School at 7:30 p.m. Uniform exchange also. Leaders are needed and training is provided, along with babysitting funding for mothers interested in becoming leaders.

MONDAY, OCTOBER 9 - 7:30 p.m. St. Albert Settlement on Sturgeon Toastmasters Club will hold their regular weekly meeting in Room 102, Paul Kane High School. New members welcome. For information, call Rod Bower, Membership Chairman, 458-2107 or Bill Webber, Club President, 459-7023.

TUESDAY, OCTOBER 10 - La Leche League will hold its monthly meeting at 22 Sonora Drive at 8 p.m. Topic will be "Art of Breastfeeding and Overcoming Difficulties."

WEDNESDAY, OCTOBER 11 - Toastmistress Club will meet at 8 p.m. in Room 103, Paul Kane High School.

WEDNESDAY, OCTOBER 11 - Annual General Meeting of the St. Albert Gymnastic Club at Akinsdale Clubhouse.

SATURDAY, OCTOBER 14 - Sturgeon General Hospital Auxiliary wants your unwanted items for their giant garage sale. Drop at 1 Grandin Place after 6 p.m. or call 459-8122 or 458-9076 for pick-up.

TUESDAY, OCTOBER 17 - The UCW will be holding a Dutch Auction in the lower hall of the United Church at 7:30 p.m. Good, used articles and home baking will be on sale.

## Association for Retarded elects new officers

The Edmonton Association for the Mentally Retarded annual general meeting was held at the Winnifred Stewart School on the evening of September 27. Elections produced a new slate of officers to sit on the Board of Directors of the Association, and the Winnifred Stewart School Board. It reads as follows:

The Edmonton Association for the Mentally Retarded celebrates its 25th anniversary this year. It operates the Winnifred Stewart School which has an enrollment of about 330 students, two residences and a fleet of 25 school buses.

Frank McMillan, president and member of the Association for three years, two of which were served as treasurer. Mr. McMillan is also director of organization for the Progressive Conservative Association of Alberta.

Delores Wozny, vice president, and a past music teacher at the Winnifred Stewart School. She has been active with the city of Edmonton, the Government

of Alberta and the Federal Government, promoting "Edmonton Klondike Days" and "Canadian Culture" through Music. Ms. Wozny's present position is that of successful realtor with Buxton Real Estate.

Mel Adams, treasurer, is a member of six years' standing with the Association and has been on the Board of Directors for two years. Mr. Adams has been active mainly in fund raising.

Virginia Anderson, secretary, is the mother of four children. She lives with her husband and family in St. Albert and is actively involved in setting up an association for the handicapped in that city. One of her major concerns is that handicapped people are not involved enough in decision making.

Other officers elected are Major John Walley, Wally Anderson, Barney Benson and Roger Iddings to the School Board. Members at large elected to the Board of Directors are Jack Paterson and Gaston Curial.

### SECOND TIME AROUND

St. Albert Seniors held a next-to-new sale at the Centre last Saturday. A large number of articles were on sale; from men's suits to quilts made by the members.

## public participation

Continued From Page 5

### STUDY PROPOSED

The latter motion triggered a reaction from Ald. Bill

Shields, who proposed a motion related to it. The Shields motion proposed that "as background preparation for Sector One area structure plans, it is recommended

that council approve a preliminary study that will determine road alignment; backdrops; distances between the curb and residential properties on the east side of the highway; boulevard widths and service road

access."

Ald. Breadner disagreed with the idea, saying that such a study would be doing the work of the Corridor Study, for which the city has applied to the provincial government. His position

drew agreement from other council members.

"Why do all the work now?" queried Ald. Ayotte. "I find this motion contradictory. It is more than a preliminary study that is described."

Ald. Bakker also concurred, but said she would not mind a report on alternate right-of-ways for Sector One.

Ald. Breadner moved the motion be tabled, and his tabling motion carried.

### Dog bylaw is a 'red herring'

The issue generated by the proposed "Animal Bylaw" is not whether dogs are noisy or, if they are running at large, dangerous and dirty. The issue is whether the City of St. Albert can afford such a bylaw. The former bylaw, if I am not mistaken, was concerned mainly with dogs running at large. It was enforced in a selective and haphazard manner. It has, therefore, proved unsatisfactory.

On what grounds, then, can council justify a new bylaw with not only more provisions but also provisions that are far more difficult to enforce? The answer, I fear, is provided by section 15, viz.: "Any person shall be entitled to take charge of an animal found running at large and deliver same to the Animal Control Officer, who shall impound the animal." The step, of course, from "any person" to committees of concerned citizens, which is often no more than a polite way of saying lynching party, is a step very quickly taken. Such a price to pay for such a minimal accomplishment! For there is no way that vigilance can be maintained, especially after dark when dogs most frequently run at large.

The issue, then, is really whether the new bylaw is an improvement or whether it will lead to more difficulties than it is worth. Certainly there is a problem, but the problem is a question of adequate policing, not to speak of a small number of dog-owners whose irresponsibility forces the majority to suffer.

But if the issue were noise, danger, and dirt, surely dogs and their owners are contributing less to the deterioration of life in St. Albert than our fellow-citizens. What, for example is noisier than the abuse of trail-bikes in the city or the great explosion of automobiles racing through the city after the drive-in closes? As for dirt and danger, it is hardly possible for our children to go to school in safety, and so it has been for years. Why are windows in Robert Rundle school boarded up? Why have the school grounds around Rundle and Simpson been a jungle of broken glass for years? And when people talk of cleaning up the underbrush in our "wooded parks," I can only ask whether anyone has walked through them, especially the one behind Rundle, in the last

several years. That park is a disgusting travesty of a park, victimized as it has been by fires and axes, so that to speak of ecology now is somewhat late.

My point is, then, one that we are all aware of, but hesitate to express: people do more damage to themselves and their shared environment than animals. Children, for example, have been sexually molested on the way to school -- and not by adults. One of the boys, in fact, was identified, but because he was under "psychiatric care," no charges could be laid. Children have had rocks thrown at them and they have been spat upon in school. What is this, however, compared to a few dogs who will continue to do what they want despite bylaws?

It seems to me that no new bylaws for animals are necessary, unless we are simply going for dogs because the other problems are simply too hard to solve.

E. D. Blodgett,  
Grandin Park.

### Dismayed by dog owners

Last week's paper carried a letter from a dog lover who was dismayed by the proposed dog bylaw. I myself am dismayed by the attitudes of many dog owners in St. Albert.

I am not fond of dogs, but if people wish to have a pet on their own property that is none of my business. I do object most strenuously when other people's dogs leave messes on my property, cause destruction of my lawn, tear open my garbage bags, and bother my children.

T.C. Dykstra's letter asks, "What's a few dog droppings here and there ...?" One can also ask, what are a few beer cans, candy wrappers, etc. Society has come to realize that littering is an unacceptable behaviour and we now have laws regarding it. Thus our environment is made more pleasant. I find the sight of dog droppings along the sidewalks to be absolutely

## To The Editor

disgusting. Surely the taboo regarding littering should include dog droppings, which are not only unsightly, but can be a health hazard to our toddlers.

Certainly dog droppings have no place on school grounds and playgrounds. The city might consider posting "Dogs Allowed" areas, so that dog owners will have a place to take their pets, and people like myself can avoid the place.

My right not to have a dog is surely as valid as the dog lover's right to keep his pet. Dog owners must realize that some of their neighbors do not appreciate their darling Rover. If Rover and his droppings were not being inflicted upon us non-dog lovers and our property, the proposed dog bylaw would be unnecessary.

G. Krenbrenk,  
Forest Lawn.

### Dog law defended

"With utter dismay, my family and I read" (quote, unquote) the letter by T. C. Dykstra. What absolute blatherdash!

The new bylaw is not nonsensical. It does not punish. It simply puts the responsibility of owning a dog fully on the dog owner's shoulder. Presently, dog owners are allowed a great deal of the responsibility much to the grief of non-dog owners. If a person thinks this new law is all wrong, then I agree, they should never have owned a dog.

And you say, Mr. or Mrs. Dykstra, that removing a dog's defecation from other than the dog's property is utter nonsense. Tell me what should I say when I must pick up dog feces off my lawn before every morning or when I must clean it off my child's shoes? Yes, let's be reasonable about dog control bylaws and place the onus of clean-up where it belongs. It's all a simple matter of common courtesy which many dog owners sorely lack.

How absolutely naive and ill informed the Dykstra's are! To say what's a few dog

droppings, they dry out anyway! Are they aware that dog droppings carry a parasite in them that live for up to two years! Yes, sir, unless you are such a conscientious dog owner to have your dog dewormed. Dog droppings are found so often in children's playgrounds, on the grass where they play, and when a child touches it even after it's dry, then puts his hands to his mouth, the parasite is born in him.

Tell my child not to be petrified of dogs when a dog comes jumping at her when she comes down a playground slide! Tell her not to be petrified when two large dogs come bounding out of their yard at her as she tries to get to school! Tell her not to be frightened of dogs when she sees her friend get bitten by a poodle on the street. No, I tell her to stay clear of all dogs.

Me, a dog lover - never as long as people impose their pets on the whole neighbourhood. I've had too much damage to my property, had one too many dog droppings to pick up, seen too many children for good reason, frightened and over all have seen too many unthinking, irresponsible dog owners.

I could become a dog lover if these pets ever do get under control. Till then, please, no sob story and know your facts. Edmonton was a nice place to live!

J. T. Peterson,  
St. Albert.

### Horried by horoscope

We have to date enjoyed your newspaper. It's usually short and to the point and gives us the information we need to know as residents of St. Albert.

Recently, however, we noticed, to our absolute disgust, that you started running an astrological forecast column called Starscope by Clare Annswell.

I realize, that as publisher-editor of the Gazette, you have the control over what is printed in it. I believe, sir, that you have the gall to call yourself a 'Christian'! Then, as a 'Christian' you ought also to have the conscience and courage to refuse space in our newspaper to occultic poison like astrology. You have blatantly violated our human rights, as Christians, to a 'clean' newspaper.

T. and G. Sturwold,  
Lacombe Park.

## Guild Gallery to open soon

After a creative summer, the artists of the St. Albert Arts and Crafts Guild are ready for another season. The Guild Gallery will open for the fall season beginning Thursday, October 15 from 7 - 9 p.m., Saturday, October 14 from 1 - 4 p.m. and Sunday, October 15 from 1 - 4 p.m. The Gallery is located at 35 Sunset Boulevard, behind the Sturgeon Tennis Courts.

### CAMP HE-HO-HA DONATION

Greta Jorgensen (right), president of the Lioness Club, presented Morley Peacock of Camp He-Ho-Ha with a cheque for \$400. Bonnie Palton, secretary of the Lioness Club, said that the money will be used to sponsor approximately six youngsters at the camp.

## AGT GOOD NEWS PARTY LINE

### LaLECHE LEAGUE

\* If you have considered breastfeeding your baby, but have questions about this womanly art, contact the St. Albert LaLeche League. This month's meeting will be held on Tuesday, October 10, 8 p.m. at 22 Sonora Drive. The discussion for the evening will include encouragement and information on how to establish a happy nursing relationship. Your baby is welcome. For further information call 459-4747.

### DIABETIC ASSOCIATION MEETING

The Canadian Diabetic Association will hold its regular meeting on Thursday, October 5 at 8 p.m. in the Northwestern Utilities Auditorium, 10040 - 104 Street. The guest speaker will be Dr. R. F. Schindler, eye specialist, who will discuss "Vitreous Surgery in Diabetic Treatment." A question and answer period will follow. Coffee will be served prior to the meeting at 7:45 p.m. Everyone is welcome.

### ATTENTION GOURMETS!

\* For only \$4 you can enjoy a "gourmet pot luck" dinner catered to by the University Women's Club's gourmet groups. The general public is invited to attend, and to enjoy the after-dinner speaker, Dr. A. M. Robinson, who will speak on Solar Energy. This function will be held at St. Paul's United Church 11526 - 76 Avenue on October 16 at 7 p.m. Tickets must be obtained by October 10 from Pat Reschenthaler, 452-9826 or by sending a cheque along with a stamped, self-addressed envelope to Pat at 10546 - 133 Street, Edmonton, Alberta T5N 2A3. The cheques should be made out to the University Women's Club.

### PUBLIC LECTURE

\* Sheila Kieran, executive director of the Book and Periodical Development Council, will deliver a lecture entitled "Getting to Know Ourselves: The Public Reaction to the Symons Report" on Wednesday, October 4, 1978 at 8 p.m. in Education North 2-115 on the U of A campus. Admission is free. This is the first lecture in the series Getting to Know Ourselves: The Symons Report Revisited sponsored by the Canadian Studies Committee, Faculty of Arts. This lecture co-sponsored by the Students' Union, University of Alberta.

### DUTCH AUCTION

\* The UCW will be holding a Dutch Auction in the lower hall of the United Church Tuesday, October 17 at 7:30 p.m. Good used articles and home baking will be on sale.

# If your Canada Savings Bonds mature this year Now's the time to reinvest in new Canada Savings Bonds

Here are three easy steps to keep your money working for you.

## 1 Locate and Identify your bonds

Two Series of Canada Savings Bonds mature this Fall:  
1969/70 Series (S24) maturing November 1, 1978,  
1968 Special Replacement Series (SR) maturing October 1, 1978.  
Look for "S24" or "SR" preceding the serial number on the corner of your maturing bonds.

## 2 Find out the cash value of your bonds

At maturity, every holder of "S24" or "SR" bonds will receive the face value shown on the bond, plus a special cash bonus payment and any interest payable on the bonds.

If you have any questions about the value of your bonds, just ask the people where you bank or invest.

## 3 Special arrangements make it easy to reinvest

Simply present your "S24" and "SR" Series Canada Savings Bonds to your bank or other authorized redemption agent. All the paperwork

in connection with the redemption of your bonds will be done for you at that time. For "S24" bonds the transfer of funds will take place automatically on November 1.

In the same transaction, you can sign up for the new 1978/79 Series Canada Savings Bonds. You may reinvest all proceeds from your maturing bonds in the new Series. Also, you may buy an additional amount up to \$30,000, the purchase limit of the 1978/79 Series. It's a great way to keep your money working for you!

### Act now

There are more than 900,000 Canadians who own maturing bonds. If you are one of them, go to your bank, investment dealer, trust company or credit union and make arrangements to reinvest in the new Canada Savings Bonds. Do it now and avoid the rush!

## New Canada Savings Bonds offer you a great choice

With the new Series, you have a choice of bonds. There's a Regular Interest Bond that pays interest each year. And a Compound Interest Bond that reinvests your interest automatically, earning interest on your interest.

### The Regular Interest Bond

If you want a regular annual income from your investment, you'll like the Regular Interest Bond which pays interest automatically each November 1.

If you're like many bondholders, you'll appreciate the direct deposit feature. With this convenient option, your interest is deposited directly into your chequing or savings account. Simply ask for it when you buy your

new bonds. Or, you can receive your interest by cheque through the mail.

### The Compound Interest Bond

If you seek savings growth, or an investment for the future, or a retirement fund, you'll choose the Compound Interest Bond which earns interest on your interest, after the first year, at the guaranteed annual rate of 8.90%. For example, a \$100 bond will grow to \$181.74 at maturity in just 7 years.

### Security and instant cash

Whichever type of bond you choose, you will own a safe, secure investment which can be turned into instant cash whenever you need it.

### A good return

New Canada Savings Bonds are dated November 1, 1978 and yield an average annual interest of 8.90% when held to maturity in 1985. Each new bond earns interest of 8.50% the first year and 9% for each of the remaining 6 years.

Buying Canada Savings Bonds has been a great Canadian tradition for over 30 years. They're the proven choice.

# 8.90%

Average Annual Interest to Maturity

# The proven choice

## Cadets head into busy fall

#533 RC(AIR)C SQUADRON  
ST. ALBERT

Cadets and staff of #533 Squadron have now settled into classes and schedules for another year. A new format for training and regular Thursday parades was introduced at the start and after a few minor changes, the new training schedule is running smoothly in all areas.

Some civilian instructors from previous years are back with us namely: Mr. C.

Cousineau, Mr. D. Fraser, Mr. R. Turner, Mr. M. Cady, Mr. W. Nielsen. New to #533 Squadron as instructors are Mr. T. Cousineau, (a WO2 with us last year), Mr. D. Hunt, Mr. R. Gilham, Mr. K. Fecteau, Mr. M. Wolff. We would like to extend a welcome to all these instructors and hope you enjoy the time spent with #533.

The majority of our cadets are now in the new greens, except for a few odd sizes, and they are on order. The changeover was started a month ago, with cadets who had previously been with us, being outfitted. Except for a few diehards, the greens have been welcomed by cadets.

Band, drill and sports began Monday and Tuesday nights, respectively. An extremely good turnout was apparent and unfortunately there are more cadets interested than spaces available in the band. Drill teams are a competitive effort,

whereby everyone can try out, but eventually the Sr. and Jr. teams will be selected to accommodate 15 positions each. All cadets can participate in sports and we hope to have #533 intersquadron teams, which will compete against one another, thereby keeping interest up and teams fit. Work on the rifle range was being done on the weekend and hopefully we will have that in order in the near future.

Upcoming this Thanksgiving weekend is a Camp Wright exercise, in which the entire squadron, approximately 100 cadets, plus officers and civilian instructors will be kept busy with work details, sports and fun. More on this in next week's Gazette, (if we survive)!

Information on joining #533 RC(AIR)C can be obtained by coming down to the Community Hall, Perron Street, Thursday evening at 7 p.m.

### OFF TO A 'ROARING' START

The St. Albert Breakfast Lions Club is looking forward to an extremely active year. Already they are involved in a Bike-A-Thon, car draw, honey sale, and sandbag sale (during the winter). Last weekend, they sponsored a two day casino. All proceeds from these fund raisers are earmarked for community projects including amateur sport and senior citizen activities. Here's their new executive: back row (left): Ernie Wynychuk, 1st President; Bill Veness, 1 year Director; Floyd McCurry, Treasurer; Lorne Johnson, Secretary; Weng Chee, Lion Tamer; and Tom Flynn (2 year Director); Front row (left) - Therien Bennett, 2 year Director; Tony Raven, Tail Twister; Gerry Boychuk, President; Al Race, 2 year Director; and Bill Zielinski, 2nd Vice President.

## Air Cadets need building

Do you have an unused building on your property which might be put to better use?

The St. Albert Air Cadet Squadron is moving its gliding facilities to Canadian Forces Base Namao. The squadron is in need of a building in which it can store materials and supplies related to gliding.

The St. Albert Lion's Club, sponsors of the Air Cadet Squadron, would be pleased to arrange to move the building to C.F.B. Namao. If you have a building or know of someone who might like to get rid of one, call Lion Don Ward at 459-7102.

## A follow-up to the Games

St. Albert Lion's Club Commonwealth Games Community Liaison Committee representative Bob Griffith, received thanks recently from the Commonwealth Games people for helping to support a program which allowed Commonwealth athletes to take bus tours of the Rocky Mountain Park areas this summer.

Over \$14,000 was raised by Edmonton and area service clubs. This permitted nearly 300 young athletes to go from Edmonton to Rocky Mountain House and then to Banff. They stayed overnight in Banff, and then returned to Edmonton via Calgary. This trip gave them an opportunity to meet a variety of Albertans and see some of our beautiful Province.

According to Hap Aldridge Games chairman responsible for these tours they "were a resounding success, participants on their return were literally bubbling over."

The St. Albert Lions provided funds for two Commonwealth athletes and were pleased to have been involved in a small way with such a successful program.

CLIRENE'S FOREVER AMBER

## St. Albert cat is show season smash

For a small Persian cat named Amber, it has been a momentous year. The St. Albert cat attained the pinnacle of success in the cat world when she was named #1 All American Longhair Kitten for 1978. For the little red haired kitten, it was the crowning achievement on a number of successes in the show ring.

Amber was born Clirene's Forever-Amber, June 8, 1977 at her owners, Mr. and Mrs. Clive Carter of Clirene Persians, St. Albert. She was sired by Scotsway's Sultan of Clirene, and her dam was "Mon Serein's Capucine of Clirene, a tortoiseshell Persian. By the time Amber was four months old, it was plain to the Carters' trained eyes

that here was a 'supercat'.

Amber entered her first show at age four months, and was awarded second Best Kitten in Show, an amazing feat for so young a cat. During the period from four to eight months that she could be shown as a kitten, she exceeded all expectations. In shows at Regina, Spokane, Madison, Wisconsin, Denver, Calgary and Victoria, she was named best kitten four times, second best twice, and fifth best once. Then came the tribute from Cats Magazine, the "Bible" of the cat world, in which she won both #1 All American Longhair as well as #3 All American All Breed Kitten.

As she reached maturity,

Amber was ready to compete as an adult, tackling the "heavyweights" of the cat world. Her winning ways were uninterrupted by this step, and she emerged from the 1978 show season with the title Grand Champion before her name. To achieve this, she had to win her class 16 times and make the judges final awards at least four times. In addition she received further honours for

her consistently high scores. With an average score of 98.071 out of 100, she received the Certificate of Royal Merit.

Amber had by then reached the ripe old age of 10½ months, and her success in that short time is considered by cat experts to be phenomenal. At this time, she is taking time out for maternity leave, nursing her first litter of kittens.

## Household cats to compete at show

The Edmonton Cat Club is downright democratic about cats. At their upcoming one-day cat show, it isn't just the pedigreed pussies that will parade in front of the judges. Joining them at the show will be a whole pride of Household Pet Cats, who will be competing in their own special section.

The section was created to allow fair competition amongst household cats and five

pets will walk away with the top awards. The show will be inexpensive and fun to enter, so doting cat owners are encouraged to bring Tiger along to the Bonaventure Hotel on Sunday, October 22.

However, entries must be in by October 12, and the number is limited. Phone 459-5112 for information.

The show will be open to the general public from 10 a.m. to 6 p.m.

## Music festival fate to be decided

The St. Albert Kiwanis Music Festival Society will hold a general meeting at 7:30 p.m. at Sir George Simpson school. The Music Festival has been held for two years now and the meeting is being held to

ascertain whether there is sufficient interest for it to continue.

The Kiwanis Club hopes that individuals who are willing to assist in the production of the festival will turn out for the meeting.

## THE CITY OF St. Albert PET OF THE WEEK

The City of St. Albert Animal Shelter has available for adoption:

**BLACKIE:** a 2½ month old male black labrador pup, who was found wandering in the vicinity of Leo Nickerson School last week. He is a friendly little dog who has been well cared for.

**TAFFIE:** a 4 month old tan and white Springer Spaniel Cross who was picked up in the Braeside area. Taffy needs a friendly home and a large helping of affection.

If you can provide a responsible and caring home for either Blackie or Taffy, please contact City Hall 459-6601 (Ext. 61). The cost is \$10.00 per dog plus the license fee.

# Community Services Report

Submitted by  
the City Department

## DISCO DANCING

Dance specialist, Ellen Friedl will be starting Disco Dance classes on October 17 or 18. Two classes are being offered, Wednesdays 9:30 - 10:30 p.m. at the Wild Rose School, or Thursday 8:30 - 9:30 p.m. at the Wild Rose School. Fees for either class will be \$15 per person or \$25 per couple, for a 10-week period. If interested call Ellen at 459-6917.

## SQUARE DANCING

The Saints and Sinners Square Dance Club are starting their season on October 7 at Sir Alexander Mackenzie school, 61 Sir Winston Churchill Avenue at 8 p.m. and will swing and sway until 10:30 p.m.

The caller for the evening will be Mr. Syd Dequire. This group meets on the first and third Saturday of every month and all modern square dancers are welcome. Further information can be obtained from Mrs. P. Jenkins, 455-7278.

## NEW FALL COURSES

Community Services is offering two new courses this fall for children 8 - 12 years of age. Both offer stimulating ways of working with yarns, threads and fabrics.

The needlecrafts course includes quilting, tarpunto (a

three dimensional technique) and painting pictures which will then be quilted. All projects will incorporate traditional embroidery stitches. The instructor, Carol Brown, is well known in this area for her unique life-like dolls.

The second course in primitive weaving, instructed by Mary Hall, will be an introduction to various easy weaving techniques on branches, cardboard looms, drinking straws and coffee can lids. Projects include wall hangings, pin cushions, belts jewellery, coasters, God's eyes and airplanes.

For further information please call our office at 459-6601 and ask for Lois Folkins.

## PUBLIC SKATING TIMES

Now that both arenas have ice, the following times have been allotted to public skating. Akinsdale Arena, Tuesdays, 7 - 8:30 p.m. and Sundays, 12:30 - 2 p.m. with additional sessions from 7 - 8:30 p.m. on both Sunday, October 8 and Sunday, October 15. Perron Street Arena hosts a Teen Disco on ice on Tuesdays 7 - 8:30 p.m., public skating on Wednesdays 7 - 8:30 p.m. and a time for children only (12 and under) on Saturdays 1:30 - 3 p.m. The fees for public skating are as follows: Children 40¢, Students 65¢ and Adults 90¢.

## MOMS AND TOTS SKATING

Mom can take the little

ones skating once a week for 25¢ per person on Mondays between 10 - 11 a.m. Moms and Tots can skate at the Akinsdale Arena and on Wednesdays between 9:30 - 10:30 at the Perron Street Arena.

## WORKSHOPS THAT ARE STILL AVAILABLE

There are still several workshops with openings available. Most are held at the weekend, Saturday and Sunday, or just on Sundays from 9 a.m. to 4 p.m. It is an ideal way of being introduced to a course to see if you would like to pursue the particular crafts.

There are many varied weaving workshops: Woven Christmas Decorations which will be held in Mission Clubhouse on Sunday, November 26 for a fee of \$5.00. We have two Primitive Weaving Workshops, one for the entire weekend of October 28 and 29 (incorrectly advertised as October 7 and 8) which will be held at the Lacombe Clubhouse for a fee of \$10 and a second which will be held Sunday, November 5 at the Mission Clubhouse for a fee of \$5.00. Another timely workshop is Christmas Crafts which will be held on two Tuesdays, November 28 and December 5 at the Arts Centre Weaving Room. The fee for this workshop is \$10.00. On Sunday, October 29, a Stitchery Workshop will be held at the Mission Clubhouse for

a fee of \$5.00.

To register for any of the workshops, leave name, address, and phone number, along with the fee and the name of the workshop at the City Hall or at the Community Services Department, 20 Muir Drive.

## CLASS CANCELLATIONS

As Monday, October 9 is a holiday, all classes offered by the Department and the Further Education Council will be cancelled. Class times will be made up sometime during the course and you should check with your instructor.

## SENIOR CITIZENS NEWS

Saturday's wine and cheese party held at the Senior Citizen's Centre on September 30 attracted about 120 guests, who were entertained by the "Groovie Grannies" whose singing was much enjoyed. The choir was accompanied by Mrs. Bertha Kennedy who also

provided some dancing music later.

As convenor, Mrs. Richardson did an excellent job of organizing this social evening. Bouquets also to Dan Richardson for helping his wife and to Sam Liptack for keeping an eye on the kitchen.

Following is a list of weekly activities at the Senior Citizen Centre.

**MONDAY:** The choir meets at 1:30 p.m. Bertha Kennedy (459-6435) is the director. Please Note: As October 9 is Thanksgiving, the choir practice is cancelled on that day.

**TUESDAY:** Bingo on October 10 at 1:30 p.m.

**WEDNESDAY:** Arts and Crafts. For information phone Dot Newman at 458-2457 on October 11 and 18 (if there is enough response), Barbara Kelcey will give workshops on quilting. The cost to attend is \$2 for both sessions. Bring scissors, thimble, needle and thread and drop in at the Centre (north of the Curling Rink).

Call Helene at 459-6601 extn. 44 if interested.

**THURSDAY:** The wall-paper clinic held last week was interesting thanks to Mrs. Jo Bremault of Tower Paints who did an excellent job. A session on flower arranging was held on September 21. Mrs. Wilson and Mrs. Neilson gave time to teach and Lois Hole donated flowers.

On Thursday, October 5, Sandra Harding, program coordinator for the Fountain Park Pool will be talking on "Swimming for Seniors" and she will also be showing a film. All seniors are welcome. The program follows the hot meal served by the Meals on Wheels volunteers. After the meal Mrs. Cuts directs exercise sessions to music by Mrs. Kennedy.

**FRIDAY:** Starting on Friday, October 6, and all of the first Fridays of each month thereafter, Mrs. Thyra Parker will be conducting bridge sessions for players and non-players. For more information Please Turn to Page 12

# Can you make your phone follow you around?

**Yes—and more, if your phone number starts with 458.**

We call it "Call Forwarding". It's just one of AGT's special Custom Calling services available to single line service customers whose phone numbers start with 458. Which of these four services would be more useful to you?

## Call forwarding

**Where you go—your phone calls follow in your local calling area.**

Call Forwarding automatically transfers your calls to any other seven-digit number in your local calling area. Before you go out, just dial a code plus the number where you can be reached. Your phone calls will follow you there—and your phone can still be used for outgoing calls.

## Call waiting

**Avoid busy signals for your friends or business contacts.**

Call Waiting—invaluable if you have a "heavy traffic" phone at your home or office. An intermittent tone lets you know there's another caller waiting to speak to you. You can hold the party you're talking to while you answer a second call.

## Speed calling

**Call your most important numbers by dialing just one or two digits.**

Speed Calling lets you choose up to thirty of your most frequently-called local and long distance numbers, and contact them by dialing only one or two digits. You can change numbers anytime—just dial an activating code and "program in" the new numbers.

## Three-way calling

**Three can talk as easily as two!**

Add a third phone to any established call for three-way conversations. Three-Way Calling is the speedy, efficient way to make important business or family decisions. You can "firm up" arrangements that might otherwise require several phone calls.

**For information on Custom Calling services and rates visit phoneCentre in Grandin Shoppers Park.**

*Custom Calling services are not available for party line or switchboard service.*

## Community services report

Continued From Page 11  
tion phone Mrs. Parker at 458-2658.

**Woodworking:** The shop at Sir George Simpson has now been made available to Seniors every Thursday from 6 - 8 p.m. The cost for 10 weeks is \$2 with participants supplying their own materials. If interested, be at the school on Thursday, October 5.

### SENIORS DANCE

A Senior Citizens dance will be held on October 20 at the Community Hall. The Satellites from Clyde will again be providing the music and there will be prizes galore. For tickets phone Fred Parrent at 458-1226 or Emile Laplante at 459-5229.

### NEXT TO NEW SALE

For this month only the Next-to-New Sale will be held on the third Saturday of October the 21. The shop will be open from 1 to 3 p.m. and is at the Seniors Centre. Contact Mrs. Bourgeois at

459-6273.

### CONFERENCE OF THE ORGANIZATION OF SENIOR CENTRES IN CANADA

This conference will be held at the Hotel Macdonald on October 10, 11 and 12. The guest speaker will be Maggie Kuhn, who "embodies a new philosophy of living whole when old." She is a speaker well worth hearing.

Dr. Betty J. Hovens, who was the designer for a comprehensive study of "Aging in Manitoba" is the other guest speaker. This study resulted in the Province of Manitoba undertaking the first and only universal home care program in Canada. For more information please contact the Kerby Centre 1133 - 7 Avenue, Calgary.

### CANADIAN ASSOCIATION OF GERONTOLOGY

On October 12 - 15, the above reference will take place at the Hotel Macdonald. For more information please contact The Alberta Council on Aging 8515 - 144 Avenue, Edmonton.

## Parsonally Speaking

Pastor B. L. Heath  
First Baptist Church

### BASIC CONFLICTS IN LIFE

Last week people from all over Western Canada met in Calgary in fact, about 4200

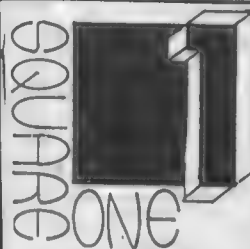

enrolled in a Basic Youth Conflict course. I was privileged to be in that number.

"What causes wars, and what causes fightings among you? Is it not your passions that are of war in your members? You desire and do not have; so you kill. And you covet and cannot obtain; so you fight and wage war. You do not have, because you do not ask. You ask and do not receive, because you ask wrongly, to spend it on your passions." (James 4).

For six days people came together to study some of the areas of conflict that Bill Gothard has worked out over the last decade. These areas cover: acceptance of self, assurance of salvation, purpose in life, harmony at home, moral purity, and genuine friendships.

Jesus said, one would have the full life then, "If thou would enter life, keep the commandments -- man's life consisteth not in the abundance of his possessions -- follow me and thou shall have the light of life -- I am the way the truth and the life."

There is some planning going on to have this Institute held in Edmonton in the months ahead.

## Administrator appointed

The Faculte Saint-Jean of the University of Alberta has announced the appointment of Mr. Malcolm (Col) Sissons to the position of administrative assistant, responsible for public relations and the information service of the Faculty. Mr. Sissons replaces Ms Midge Nickolchuk, who has accepted the appointment of administrative assistant in the Faculty of Commerce.

After graduating with a Bachelor of Arts degree from the Faculte Saint-Jean in 1975, Mr. Sissons received the Professional Diploma from the Faculty of Education the following year. During 1976/77, he taught French and Language Arts for Edmonton Public Schools.

At the end of the academic year, he accepted a Rotary International fellowship and the following year completed the first year of the Master's program in the sciences and techniques of communication at the Universite de Langues et Lettres de Grenoble, France.

Mr. Sissons will continue

to work toward the goal of making the Faculte Saint-Jean better known in the province and will thus be visiting communities throughout Alberta. He will be pleased to answer questions about the Faculte Saint-Jean and can be reached at his office (tel. 466-2196, ext. 33).

## Increase on tuition approved

The Minister of Advanced Education and Manpower, Dr. A.E. Hohol, approved a tuition fee increase for Athabasca University. However, Athabasca University would like to provide prospective students every opportunity to enroll this fall before the tuition fee increase becomes effective. Therefore, the increase in tuition fees will not become effective until October 1, 1978.

All students whose registrations are post marked before October 1, 1978, will be charged the existing fee scale for course start dates only up to and including December 1, 1978. Courses beginning after January 1, 1979, will be charged for on the new fee scale regardless of when the registration is received.

The new tuition fee scale at Athabasca University re-

lates to the courses. The application fee remains the same at \$10. A six credit course increases to \$150 from \$120 while a three credit course increases to \$75 from \$60. Senior citizens are still able to enroll in Athabasca University and take courses for the minimal application fee.

Each student must pay the application fee. This fee, paid only once in a lifetime, also provides the students the opportunity of using the advising system of Athabasca University's Student Development Services where assistance is available for course selection, program selection and other decisions.

All students have the opportunity of investigating Athabasca University's introductory level courses by enrolling in the course for the cost of the introductory credit

package before committing time and money for the full course.

Athabasca University's home study courses commence at the beginning of each month. Courses with either radio or television components begin October 1, 1978. Therefore immediate registration is necessary. Edmonton area students are encouraged to register in person.

This tuition fee increase reflects the considerable increase in costs of course production and will bring Athabasca University tuition fees somewhat closer to the individual course fees charged at other Alberta Universities. Athabasca University will still continue, however, to supply all texts which are normally an additional cost, as part of the cost of the home study course.

## Industrial training agreement signed

A three-year industrial training agreement, geared to improving and increasing the skills of workers in Alberta's labour force, has been signed by the Minister of Employment and Immi-

gration Canada, Bud Cullen, Alberta Minister of Advanced Education and Manpower, Dr. A. E. Hohol, and Alberta Minister of Federal and Intergovernmental Affairs, L. D. Hyndman.

Under the agreement, the Canada Manpower Industrial Training Program will provide \$4,500,000 during the 1978-79 fiscal year to assist Alberta employers to train, retrain, or upgrade workers. Training funds for the remaining two years of the agreement will be determined prior to each fiscal year, and will depend upon such factors as employment growth and labour force size

in Alberta.

Although the general policy remains that training-in-industry is primarily a responsibility of the employer, the agreement recognizes that it is in Alberta's and Canada's interests to encourage training in areas of skill shortage by entering into contracts with employers.

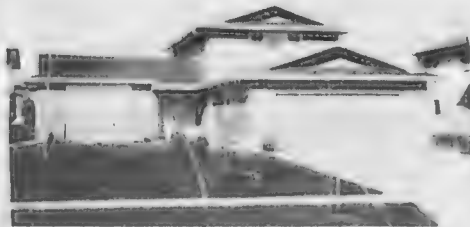

The Canada Manpower Industrial Training Program can reimburse employers for most of the direct training costs of a training program, and also pay up to 85 percent of the employee's wages while in training. The program is funded and ad-

ministered by Employment and Immigration Canada, but Alberta Advanced Education and Manpower is responsible for ensuring the development of effective training plans, and for monitoring the quality and technical aspects of the training provided by employers.

Mr. Cullen and Dr. Hohol noted that the program can be effective only with the closest consultation and co-operation between the two jurisdictions in the planning, implementation and conduct of activities. Both Ministers also expressed the need for flexibility in response to the skill demands of employers

in the context of labour market requirements.

The agreement includes provision for the establishment of an Industrial Training Advisory Committee. The committee will be made up of three representatives from each of the two governments and at least one representative each from employer and employee groups. Its duties will include reviewing and assessing industrial training needs in the province; developing priorities for the delivery of industrial training; and evaluating the training carried out under the program.

LACOMBE PARK

Gracious two storey home features double front drive garage, four bedrooms, three baths, sunken family room off kitchen. Brick fireplace, patio doors, built-in vacuum system, are only some of the extras. All this for only \$113,500. For viewing and further information, call Bonnie Alpaugh at 458-9534 or Fran Harkness at 458-9172 or Bus: 484-7126.

COUNTRY LIVING

But only 2 1/2 miles from west Edmonton. Rudolf the Pocket Size Bear

The problems with the pump

Living in the country is alot of fun but sometimes it can be a nuisance. City people bunch together and seem to expect alot of things to be done for them. Rudolf was thinking about this. A person can take things for granted until say, going to the sink, want to wash dirty hands, turning on the tap and hearing only a hollow girgle end splutter. Now that is just awful. Naughty words bounce around the house but they don't fix anything.

Out comes the tool box. Hollow, angry treads ring out on the old bare, wooden basement steps. The light switches on, so there must be power. Rudolf sees the silly side of it. A big man bending over an obstinate water pipe. The pipe comes up like a long black snake from the corner of the basement floor. He fingers a brass joint, pondering "Maybe it's the valve." "Where's the flashlight," he demands impatiently. Rudolf keeps out of the way and hopes it will get fixed pretty soon because it's scary in the basement. There are things in the corners and there are noises. Hurried light steps sound as the flashlight is rushed to the scene.

"How about the relay box?" is suggested brightly. "Screwdriver!" barks the man, and there is a frantic clatter of fingers in the tool box.

"The one with the yellow handle!" "O.K.!" is the enthusiastic response.

"A ha! Here we are. There's a short."

"A short what?" wondered Rudolf. Inside the box were some pretty colored wires tangled together, but they all look quite long.

"Switch on," came the order. Then came a click, girgle girgle swish, and "its on."

Crisis is over, the house returns to normal. Rudolf,

although he always likes to see what is going on, is glad to come up into daylight again. He decides he does not like basements very much.

## Yiskor: Horror is diluted by over-stylized approach

By Vicky Knight

There's no doubt about it -- Yiskor is out of step with the cadence of the times, and for that we can be grateful. The era of outcry is over for the time being, as the gathering economic clouds send people everywhere scuttling for security. In a time when truth is being studiously avoided in the arts, a drama of conscience stands out like a rock in a sea of

escapist froth. Here is a play that points out that some things cannot be escaped -- they must be confronted.

The Edmonton Actors' Workshop Play examines the Holocaust, focusing on a handful of inmates at the infamous Treblinka camp. In its entirety, the play is an anguished plea that such horror never be allowed to regenerate. However, the innate power of the message

seemed somehow diminished by the style in which it was presented.

For me, the virulence of the evil portrayed was diluted by the intellectual distance created between subject and audience. The horror of the Holocaust is most effectively conveyed in a stark, clearly delineated manner -- it is sufficiently potent not to require intricate elaboration, even for the purposes of art. It was this over-stylized approach which kept me from reacting from the gut. Instead, I found myself responding more at an intellectual level. As history has shown, great changes are not wrought by intellectual understanding; people must be made to see with their souls. Yiskor employed so many devices -- a Greek chorus, audio-visual aids, time leaps, touches of vaudeville -- that the mind was kept too busy organizing and interpreting the material. This flurried mental activity delays and debilitates the emotional impact.

The authors' lack of economy in their use of imagery and devices is understandable. Their subject must have been nearly overwhelming at times, and the temptation to try and tell too many stories great. However, had they pared down their script and sharpened it, the enormity of it all would have been more effectively portrayed. The truth is more penetrating when it stabs, rather than bombards.

### MOVING PERFORMANCES

Despite any arguments I might have with the script, I still found Yiskor to be studded with affecting performances. Heather MacCallum played Serifka with a pinched drawn intensity. Here was a clearly etched portrayal of a woman honed down to the essence by horror. Miss MacCallum used a lot of artistry to project this -- somehow she made her body look like a fragile, transparent vessel through which Serifka's spirit could be seen to burn like a bright white light.

Richard Gishler handles any role with exhilarating confidence and his portrayal of Yankel, Serifka's husband, was no exception. However, his role carried less emotional impact. This appears to be due to the ambiguity of the part, which

demanding that he be both the cynically objective commentator and the embattled husband who has everything to lose. As a result, my feelings about the character remained curiously neutral. Yiskor has the elements of an intensely moving drama

tic experience. However, these are obscured by excessive theatrical dressing. If writer Keating and Director/Writer Fishman could strip away some of the verbal and technical underbrush, it would be a more potent force.

## Entertainment Gazette

### Not impressed with Mangione's latest

By Razbo

Chuck Mangione's latest release, "Children of Sanchez," is an album he considers not a typical soundtrack album, but his personal selection from 23 1/2 hours of music he composed and recorded for the Hall Bartlett motion picture based on the Oscar Lewis biography. He contends that writing and recording the music found on the double album was one of the most intense and emotional experiences of his life, in fact, he considers it to be some of the strongest music he has ever produced.

Perhaps these feelings came from the challenge of creating a soundtrack, perhaps the work is technically sound, and it probably fits the visual well, but it is not an album in my estimation that will bring Mr. Mangione many rave reviews from critics or fans.

Hal Bartlett approached Mangione while his quartet was finishing up the "Feels So Good" album and had just culminated a summer tour. I feel that the music reflects a tired group, while parts of it are inspired, it lacks the smoothness and professionalism of earlier Mangione work.

The "Overture" was recorded on the first take and presents some fine guitar by Grant Geissman. The haunting vocal by Don Potter is repulsive, but Chuck's lyrics are impressive.

The rest of the first side drags on and is not very pleasing to the ear. The second song, "Lullabye," presents an awful string arrangement.

Side two starts off with a horrible sounding creation, "Pilgrimage - Part 1" which gives James Bradley Jr. the spotlight which he totally abuses. I have heard much better percussion from this gentleman.

"Pilgrimage - Part 2" is the same as Part 1, with variations and is much more pleasant.

"Consuelo's Love The

me," the final cut on this side, gets into some good guitar and horn work, excluding the flute which is a bit much. The guitar work is the bright spot, but the tune never seems to maintain Grant's brilliance.

Side three and four are easily the best and most of the selections are quite pleasing.

"Hot Consuelo" is a good tune, quite fast and contains some excellent sax work by Chris Vadala.

"Death Scene" is a mournful piece, great for cello appreciators, played here by Ron Leonard. Grant spars with Ron plucking out sorrowful Spanish strains.

"Market Place" is again a lively tune, but its beauty is obscured by a crowded background of percussion and unpleasant guitar work.

"Echano" highlights Vadala on the flute, a poor presentation, and again the background is overbearing.

A shortened form of "Bellavia" appears next and lacks the brilliance of the original piece from the album of the same name.

The final cut on side three is very poor accented by very distasteful vocals.

"Medley" starts off side four and is not typically Chuck Mangione. It is a very listenable piece, one of the best total selections found on the album.

"B 'Bye" features both Chris Vadala and Grant Geissman at their usual quality of musicianship. The side is concluded with "Children of Sanchez Finale."

Chuck Mangione's work probably fits the movie very well, but as a musical creation for personal enjoyment it doesn't rate.

### STONES

The Rolling Stones are back in the studio hard at work on a new album that has been tentatively dubbed "Certain Girls." undoubtedly the name will be changed prior to its release.

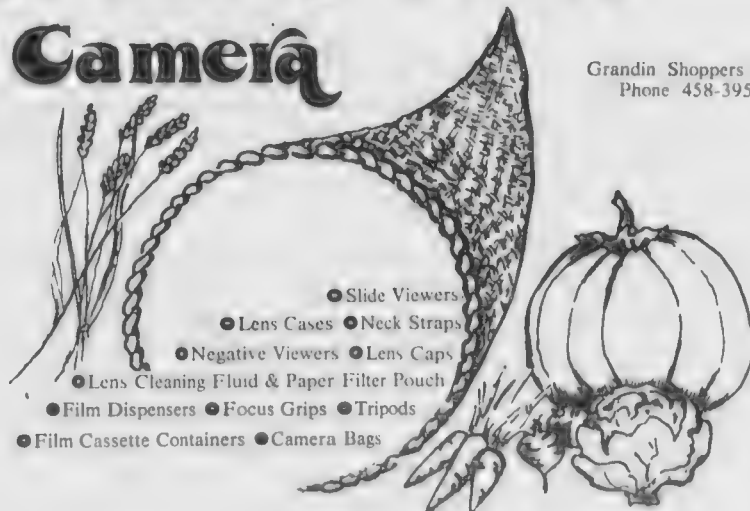

### BITTER FUTILITY

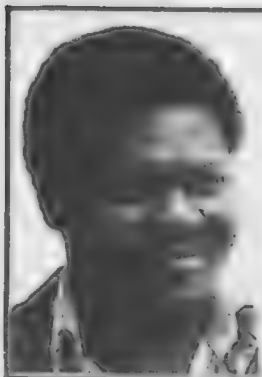

In a moment which clearly reflects the insane waste of the Holocaust, Richard Gishler, as Yankel, lies dead, shot down mistakenly at the moment of liberation. Mourning him are centre, Heather MacCallum as Serifka; Christine Willes as Soryl and Bob Collins as Moisha. Yiskor is now playing at Theatre 3

### Equipment for everyone

Part 33 of a weekly series  
With Simon

After most bands are formed, their main problem is the fact that they have to invest in instrument amplifiers and sound systems for voice. I have been asked so many times by new groups to advise them on what equipment to buy, and now much amplification power they

would need. To answer all those questions in brief, I would say "the sky is the limit." Consider the facts: a young and virtually unknown group could make do with about 400 watts of sound reinforcement equipment, while a group like Led Zeppelin thinks nothing of using 2 megawatts (20,000 watts).

However, it doesn't matter how much money you spend or how big your equipment set-up is, clarity and cleanliness of sound are two very important points to consider. So to make matters very simple, let us look at a typical small combo of four or five musicians: a guitarist, a bass player, a drummer, a keyboard player and a vocalist. The band needs a minimum of four instrument amplifiers and a sound reinforcement system. There are two approaches to handling the situation.

**SYSTEM 1:** The band could invest in big instrument amplifiers of, say, around 200 watts each, and a fairly big PA of about 800 watts. It must clearly be understood that the instrument amps should be loud enough to carry through to the audience, in which case they don't have to be miked into the PA, which must only be used for the drums and vocals.

Most bands mike all the equipment into the PA, and so the instruments that produce the strongest transient signals like lead guitar, and cymbals, would quickly overload the sound system, and all you get is muddy distorted sound.

**SYSTEM 2:** The band could invest in small instrument amps of about 50 watts each, and a very big PA system with stereo mixing facilities. In this situation, all the instruments and vocals are miked into the PA, and of course, the service of a good soundman is invaluable.

This is the most flexible system, and the results in most cases are more than satisfactory. Anybody who went to the Long John Baldry concert recently could attest to how good it sounded.

Well, Long John used System 2.

It is extremely difficult for me to endorse any particular brand names, but I will try as much as possible to recommend certain equipment solely because it's proved to be good value for money and reliable. What's more, the resale value, especially when you trade it in, is good.

For small combos, I recommend Fender amps for instruments, and Peavey and

Traynor PA systems for voice. For the medium range bands, who want more versatility, the options are more extensive and expensive. Depending on what system of set-up the band wants, I would suggest they look into equipment made by Fender, Peavey, Ampeg, Sunn and Traynor for instrument amps, and Earth, Sunn, Altec and Cerwin Vega for sound reinforcement.

Sometimes, it is also possible

and advisable to buy your system in units of different makes, i.e., bass bins by Altec, boards by Peavey or Earth or Tapco, horns by Vega or Randall and power amps by Crown.

All in all, the ultimate intention of amplifying the voices and instruments is to get the musical information across with clarity, articulation, style and lack of distortion, and for your ears' sake, watch that volume

## Books at St. Albert Library

St. Albert Library staff has reviewed this selection of four books from their shelves for publication in the Gazette.

*Hew Against the Grain* by Betty Sue Cummings. "I don't believe in slavery no more. I'm a Republican," said Matilda. Most of her Virginia family laughed at her except her mother, father, brother, and brother-in-law. When the war came it was difficult to know what side you were on. Terrible things were happening on both sides, people were killed, destruction was all around, but the worst was the dwindling numbers of people that Matilda loved. They became shells without spirit. War is never pretty, the worst of what it does is to the spirit of people. Only the strongest can fight it - can hew against the grain.

*I Know You Al* by Constance C. Greene. Told in the first person in a disarmingly casual amusing style, a story that implies more than it tells about two girls on the edge of adolescence. Al's divorced mother has a boyfriend, Al's father appears after eight

years of silence with a remarkable invitation. Al fights a losing battle with needlepoint, bangs and physical conformity. Through it all the loyal friendship and affection of the narrator keeps Al on a (relatively) even keel.

A Psychological thriller through the senses of a blind boy in the highly original novel *Annerton Pit* by Peter Dickinson. When the post cards from his Grandfather abruptly stop coming Jake Bertold senses trouble. Jake has reason to worry, but for his brother, the worry becomes welcome adventure. They purchase a motorcycle and travel to uncover their Grandfather's trail. Their travels lead from one ghost legend to another and finally to the mining country in the north of England where the trail becomes sinister. It ends in the terrifying maze of an abandoned mine. Death and fear haunt the blackness of the maze with a shape Jake must confront in a deep whispering tunnel and in his own mind.

*Settle Your Fidgets* by Carol Farley. Josh Hemmer

certainly does have stories to tell, with all that crazy family he had when he was growing up on the farm in Michigan. Pa and Ma Hammar, being the centre of the family. Hommer, Lizzie, Melvin, Missie, Baby Joel, Cousin Ernie, Gramma, Uncle Fred and Great Aunt Purity, who wasn't as pure as she thought. In *Settle Your Fidgets*, Josh goes on with what he began in *Loosen Your Ears* also by Carol Farley, where he reminisces about his boyhood on the farm and the many interesting relatives.

## Appointments to City Boards & Committees

Each year, at its organizational meeting, City Council appoints citizens to its various boards and committees. Appointments vary from one to three years. Interested citizens are invited to submit an application not later than October 16, 1978.

### Business Industrial Advisory Board (7 members)

Three appointments for staggered terms of one or two years. The meeting dates are yet to be established.

### Development Appeal Board (3 members)

Two appointments for a term of one year. Evening meetings are held at the call of the Chair.

### Community Services Advisory Board (5 members)

Five appointments for a term of one year. Monthly evening meetings are held on dates established by the Board.

### Library Board (7 members)

Two appointments for a term of three years. The Board meets on the third Thursday evening of each month.

### Council Remuneration Committee (6 members)

Six appointments to expire on December 15, 1978. The meeting dates are yet to be established.

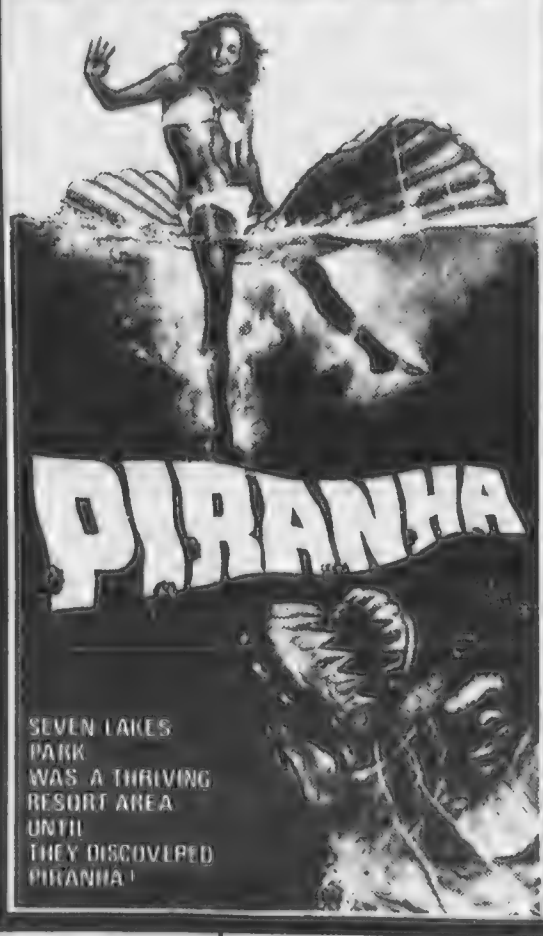

### Sturgeon General Hospital Board (8 members)

One appointment for a term of one year. The Board meets on the fourth Wednesday evening of each month.

Applicants should be residents of the City of St. Albert and qualified to vote in the municipal elections. Applicants may be requested to submit to an interview by a Selection Committee. The application should contain a resume of background and experience and a reason for your application. Further information on the role of the Boards is available by telephoning 459-6601 Extension 58.

## Open house at Paul Kane

By Joan Trettler  
Have you ever wondered what goes on at the high school? This is your chance to find out.

The staff at Paul Kane High School is planning an open house for parents and the public on Wednesday, October 11 from 7:30 to 10 p.m.

The evening will include a meeting at 7:30 in the cafeteria to introduce members of staff and provide some general information about the school.

Parents will then be invited to tour the school and discuss courses, material, and programs with the teachers. Coffee will be served later in the cafeteria.

The purpose of the evening is to provide parents and interested members of the public with an opportunity to learn more about Paul Kane High School.

Parents who are new to the district, or whose children are in grade 10, are especially encouraged to attend.

## Astronomy talks offered for students

The Edmonton Public Library in co-operation with the Queen Elizabeth Planetarium, is offering a series of talks on astronomy for young adults on Saturday mornings at 11 a.m. beginning September 30.

Guest speaker for the six week series is Harry Findlay

of the Queen Elizabeth Planetarium. Each program will be held in the Children's Theatre downstairs in the Centennial Library Theatre. Registration is \$5 at the first class.

For more information, phone the Queen Elizabeth Planetarium at 455-0119.

## St. Albert High Reports

By Marilyn Joly

Well, September has come and gone and once more we are faced with unit exams in most subjects.

Many students arrived at school last Thursday with fury in their eyes after reading the article in the Gazette about school parking. Some were disturbed about the report that two much drinking and necking were going on in the cars located at the west end of the parking lot. In order to resolve the problem of speeding, most students agree that speed bumps are a good idea. Students are reminded that nothing has been done as yet and that the parking area west of the

school is still open.

Students poured into the Team Teaching Room last week to hear the decision about which students would be going on the Banff ski trip in February. Because of popular demand, registration for the trip exceeded the available spaces. Many unhappy grade 10 students turned away because they were told that students who went on the ski trip last year would have first priority; then it would be first come, first served.

The student tour group met last week to make arrangements for parents to meet with the travel agent. Students must complete their payments by December.

### Christian Women's Club meets next week

Members of the St. Albert Christian Women's Club will take a look at the intricacies of macrame at their next meeting, to be held Thursday, October 12. Peggy Ainslie of the Spinning Wheel will demonstrate the craft in a presentation entitled "There's Knottin' To it."

Those attending will also enjoy a vocal duet by Dawna Hannah and Gail Albrecht. The inspirational talk will be given by Mr. Ed Dyck, an

Edmonton businessman.

The meeting is held at the Club Mocombo, from 9:30 to 11:30 a.m. A nursery service for pre-schoolers only is available, at a cost of \$1.50 per family. Reservations are essential and cancellations necessary. If not contacted regarding attendance by October 5, call Diane Unrau at 458-9672 or Lorraine Carter at 459-7313. Admission to the meeting is \$4.00 per person.

## Beyond divorce

Alone, divorced or separated? Grant MacEwan Community College has organized a course which is a group experience to provide support, identity and coping mechanisms for persons who are divorced, or separated and consider divorce to be imminent.

Tentative divorce issues to be discussed include communicating with former spouse, letting go, working through anger, confronting assumptions about divorce, evaluating personal values about marriage - divorce - children, helping children express their feelings, coping with intense emotion, giving up guilt, setting up new goals, new vocational directions and recognizing needs for next intimate relationship.

Participants must be physically separated from spouse and spouses may not attend the same course. Classes are held every Saturday night.

For further information please call the Continuing Education Division at 462-5550.

### MOTHER'S DAY OUT

With the Mother's Day Out program at the Braeside Presbyterian Church, it gives the youngsters a chance to have a little fun with some play-dough.

## Family day homes: a valuable alternative

St. Albert has grown phenomenally during the past five years, and so has the demand for quality day care. Unfortunately facilities have not kept pace with this demand. The board of the city subsidized day care centre wants to help the citizens of St. Albert to help themselves to better facilities. There are many preschoolers who are under the care of private babysitters or who are taken to Edmonton day care centres. Many are at home with parents who would like to be working but who must stay home because of the inavailability of child care. The need is especially great for parents of infants and toddlers. Day care centres don't take infants and few take children under two and a half.

Yet infancy is a stage where quality care is critical. Infants need a loving adult with a warm personality, they need more personal supervision and a large group situation like a regular day care centre will not meet infant needs.

The day care needs of infants can be met, however, by Family Day Homes. Family Day Care is a service provided in a private dwelling for from one to six children. There are many advantages for the infant. The infant stays in a home-like atmosphere and in a

normal family situation. The day home mother is screened, chosen and supervised by a government agency. Low income families and single parents get their fees subsidized on a sliding scale by the city and the province. These homes will also provide all the services of a regular day care centre, including and visits from the health nurse, annual dental and eye checkups etc.

Family Day Homes also meet needs other than infant day care. Many natural parents prefer smaller group situations for their toddlers and some toddlers are not emotionally ready for a large group of children. In addition the day care centres in St. Albert are not able to meet the city's needs and funding for additional centres is scarce.

Day Homes are an inexpensive and immediate answer for all these problems.

The Family Day Home parent also finds the system advantageous, enjoying an opportunity to work at home and earn money. Their own children benefit from companionship and a more stimulating environment. There are many tax advantages as well. Even though the mothers are required to file an income tax claim, many expenses are tax deductible. For instance, a

portion of the interest on the mortgage, light, heating water, telephone, food and toys are all tax deductible.

The community, too, benefits from such a system. By giving a warm creative atmosphere from infancy, it is performing a preventive social service. Quality day care for infants encourages many single parents to get into the work force. According to the new regulations effective last April, a welfare mother with one child over four months of age is considered employable. Since the mother cannot take her infant to a subsidized day care centre her only option is to take her baby to a private babysitter. Many of these mothers are forced to quit working and go back on welfare because they cannot find a reliable babysitter. The Social Service and Community Health says there have been four or five incidents in the past two months in St. Albert where protection calls were made as a result of neighbor's reporting children left unattended or left under the care of youngsters too young for the responsibility.

In order to institute Family Day Home Project a strong response from the citizens is needed. The Day Care Society wishes to assess the interest in using or operating a facility like this. Anyone wanting more information may phone Bhuvana Viswanathan at 458-0886 after 6 p.m.

## Creative clothing entries invited

The University of Alberta Art Gallery and Museum is again planning to provide a show-case for artistry in clothing. All those who have created their own clothing or sculptural wearables are invited to exhibit before the panel of judges as walking-wearing entries and to display their creations before the public on the following day. This event will be held

in the Northern Alberta Jubilee Auditorium, 114 Street and 87 Avenue, Edmonton. On Saturday, March 3 the judging will take place and the presentation before an audience will be on Sunday, March 4 at 2 p.m. The judges will choose winners from several categories and the winning entries will be exhibited at the University Art Gallery and

Museum from March 12 - 30, 1979. The competition is open to everyone and a wide variety of entries incorporating such techniques as silkscreen, batik, weaving, embroidery, quilting, tie-dye and applique is anticipated. Entries will be grouped into categories according to function such as Fantasy, Sports-wear, Ethnic-Historic and so on.

Applications must be submitted by January 31, 1979. For further information, please write to the Creative

Clothing Co-ordinator, University Art Gallery and Museum, Ring House Number One, University of Al-

berta, Edmonton, Alberta T6G 2E2. Information brochures and entry forms are available.

## Christmas Art Fair next month

The Women's Society of The Edmonton Art Gallery extends a warm and cordial welcome to all Edmontonians and visitors to the city alike to attend the annual Christmas Art Fair at the Edmonton Art Gallery on Saturday, November 4, 10 a.m. to 4 p.m. The Gallery is located on Winston Churchill Square.

The theme of this year's fair, An Old-Fashioned Prairie Christmas, will be evident throughout the Gallery. Christmas carols will fill the air in a special room designed to capture the true spirit of an old fashioned Christmas. A wonderful Christmas tree will be decorated with all sorts of beautiful ornaments and toys which will be available for sale, and home cooking will be featured for those wishing to pause for a lunch break.

A hundred artists will be featuring everything from toys to tree ornaments, to puppets and puzzles, baskets and batiks, sculptures and stained glass, candles and candy, pottery and purses, scarves and ceramics, silver, jewellery, and quilts,

shawls, rugs, and a host of other wonderful gifts. A unique opportunity indeed to complete your Christmas shopping in a single, com-

fortable location.

Admission is \$1.50 and entitles each visitor to a chance in the door prize draw.

Original pattern by  
Barb Kelcey

### FLOWERS - ON - THE VINE

Applique quilts have always been favourites with beginners and expert quilters alike, especially when they take advantage of scraps of fabrics.

This simple but strikingly modern design will be a pleasure to work, either in a planned colour scheme or as a willy-nilly scrapbag creation.

Each flower is made up of five petals around a centre of golden French Knots. The foundation block is 10" (25cm) square. Use a pastel shade for a dainty look or a darker shade with pale flowers for a more contemporary feeling. Set the blocks with alternate plain blocks and use the suggested quilting motif to complete the overall appearance.

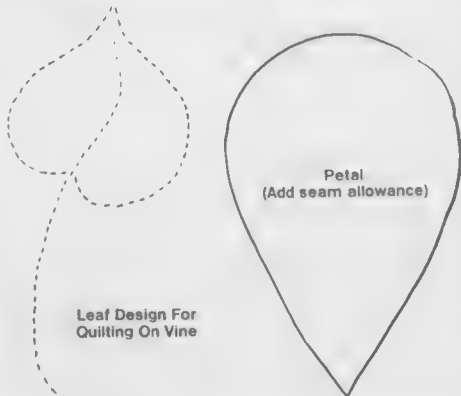

### YARDAGE REQUIREMENTS:

For a double size quilt:  
(Blocks set 7 x 9) 115 cm, pre-washed fabric, Background colour - 4 metres, Flowers - approx. 25 cm will make four - five flowers; Lining - 4.50 metres (this will allow extra for binding).

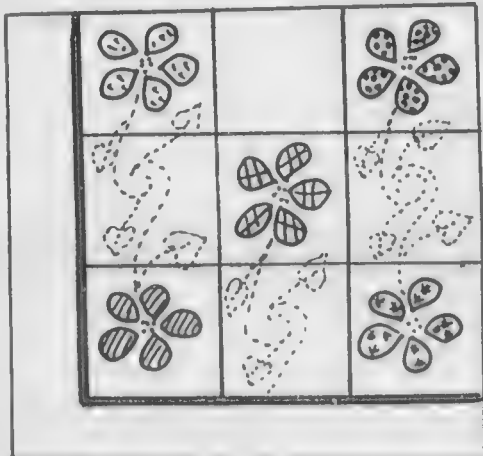

### READER'S QUESTIONS

Readers are invited to send in their questions about any phase of quilting or patchwork, and requests for patterns and information to be covered in this column would be most welcome.

## SYMBOLS OF FAITH FORM THE MOTIF

St. Albert Artist, Joyce Buchanan beside the windows she designed and constructed for Braeside Presbyterian Church. Top frames, not shown in photo, feature the Burning Bush and The Tablets. Shown are the lower four frames with symbols the Cross, Dove, Fish and Open Bible. The window is one of two identical ones done by Joyce on either side of the sanctuary on the south wall of the church. Inset shows one of the original drawings from which Joyce worked.

## Local artist designs unique 'windows of witness'

When Braeside Church sought a solution to the problem of screening the sun's glare which beamed through the south windows of the church, it was thought some type of decorative blind might be needed.

But Joyce Buchanan, a St. Albert artist and member of the congregation, set her sights higher, and she offered to think about how the glare could be controlled in a manner that would beautify the church.

The plan that Joyce came up with involved an imaginative process using resin, glass and wood together which, as far as can be determined is unique. The result is two beautiful full length windows, which will satisfy the eye and uplift the spirit of worshippers in the church for years to come.

The existing windows consisted of six identical panes, extending from floor to ceiling on either side of the sanctuary, on the south wall of the church, and set off by heavy wood linear framing.

Joyce decided windows featuring coloured glass crystals and developing appropriate themes could be the answer and the "Windows of

Witness" project was begun. In consultation at the church it was decided that symbols of the Christian faith should be the motif and six were selected:

The Burning Bush to symbolize the Call of God; The Tablets to symbolize the Law of God; The Cross symbolizes the Love of God; the Dove symbolizes the Spirit of God; the Fish represents the Community of God's People, and the open Bible to symbolize the written Word of God.

Designs were drawn by Joyce, and enlarged by means of projection to the actual size of the windows. These designs were then transferred to plywood plates prepared by Andy Vanderstraten.

Cutting out the designs on the wood proved the most labourious and time consuming part of the project, and this was followed by careful sanding, filling and painting before the "glass" work could begin.

Now a mylar film sheet was fastened to the back of each of the 12 frames, and a layer of resin was poured into the openings. Before the resin hardened completely coloured glass crystals were worked into the design. Colour dyes, mixed by the artist to achieve her desired artistic goals for the individual frames, plus their overall impact through the full length of the six-frame windows, were worked into the resin to complement the glass work.

Finally the mylar film was removed and the windows fastened into place. In all it was estimated that a total of 120 hours was devoted to the work. All the time, labour and materials were donated to the church by Joyce and the windows were installed in June of this year.

They will be dedicated to the Glory of God during the Service of Worship at Braeside Presbyterian Church on Thanksgiving Sunday.

## Paint poundage

On some of the world's largest oil tankers, such as the 476,000-ton Globtik Tokyo, the paint alone may add

400 tons to the vessel's weight, National Geographic says.

## Alberta soccer champs

# Peewees off to western championship

Alberta's peewee soccer champs (for the second consecutive year) leave tomorrow for Winnipeg where they will represent this province at the Western Canadian Peewee Soccer Championships on the weekend.

The Grandin Bakery team,

coached by Manuel Viveiros, earned the right to make the trip by defeating Calgary in the Alberta final. They will be playing against teams from British Columbia, Saskatchewan and Manitoba for a chance at the Dominion Championships scheduled for Toronto later this month.

The Winnipeg tournament will be a single round-robin with the two top teams playing off in a one game series. St. Albert represented Alberta last year at the Western final in Prince Albert where they lost all three games they played by close scores. The five re-

turnees from that team don't intend on a repeat performance.

The past 10 days have been busy ones for the boys and their coaches. Expenses for the trip will be \$4,100 of which \$2,500 is plane fare. Last year they took a bus and arrived with almost no time

to sleep before beginning play. They won't make that mistake this year but it does mean some fund raising has to be done. A win at the Western final would result in an all expense paid trip to Toronto.

Watch this spot for results of the Winnipeg tournament.

## SPORTS

### BOUND FOR GLORY

Pictured here are members of the Grandin Bakery Peewee A team, which will be representing Alberta in the Western Canadian Championships in Winnipeg on the weekend. Top row (left): Manuel Viveiros (coach), David Schlottke, Nick Jaffer, Allister Barteski, Billy Mitchell, Ole Graverson, Scott Neil, Jimmy Hammelt, Desi O'Kell, Kent Bradford (manager), and George Newman (assistant coach). Front row: Derek Bradford, Kerry Newman, Emmanuel Viveiros, David Mattice, David Findley and Terry Proctor.

## Saints end exhibition schedule with 12-1 romp over Traders

Mark Messier and Brian Shaw fired three goals each to lead the St. Albert Junior Saints to an easy 12-1 win over the Fort Saskatchewan Traders in a Alberta Junior Hockey League exhibition

game Sunday night at Akinsdale arena in St. Albert.

The game was the last pre-season game for both clubs as they now get down to business in preparing for the regular season schedule.

The schedule has started for all of the clubs except the Traders and the Saints.

Saints get their first taste of league play this Saturday and Sunday when they travel to Taber for a pair of games

with the Golden Suns.

Traders opened their schedule last night against the Sherwood Park Crusaders but no score was known at press time.

In pre-season play the

Saints played seven games and came away with three wins, three ties and a loss which was a 5-3 setback to the Red Deer Rustlers in Red Deer. No Saint veterans played in that game.

Saints tied Medicine Hat Tigers of the Western Hockey League 4-4, tied Sherwood Park Crusaders 1-1 and 2-2 and then scored a 11-3 win over the Rustlers in St. Please Turn to Page 22

Mark Messier (11), neatly slips the puck past Fort Saskatchewan Traders goaltender Peter Jones, Sunday night in the Saints 12-1 win over the Traders in exhibition Alberta Junior Hockey League action. Flanking Messier, who scored three goals, are Mark Magnan (15) and Brian Shaw, who also had a three goal night. Messier also chipped in five assists. Saints open their regular season this weekend with a pair of games in Taber.

Fort Saskatchewan Trader goalie, Trevor Bertholet some how got his pads together in time to stop this point blank shot from Troy Murray of the Junior Saints Sunday night at Akinsdale arena. Claude Bara (14) is looking for a rebound which never came. Saints blasted the Traders 12-1 in the exhibition game.

#### SUMMARY SAINTS 12 - TRADERS 1

##### FIRST PERIOD

1. Saints, Messier (Longpre, M 9:40); 2. Saints, Morrow; Traders, 2 Rick Rippl; Wynia) 15:18. Penalties: Spier 1:41, Mahood T 8:59, Geary 1: Poulin S 9:15, Pashak T Stewart S 15:51

##### SECOND PERIOD

3. Saints, Shaw (Stewart, M 7:40); 4. Saints, Longpre (M 11:46); 5. Saints, Messier (1 au) 16:51; Penalties: Poulin S Keller T 5:45; McKenzie T Fuhr S 12:06; Sarnecki T Turnbull T 16:36; Magnan S Morrow S 18:14; Mahood T

##### THIRD PERIOD

## Saints

Continued From Page 21  
Albert.

Over the weekend, the Saints took a 3-1 win over the Traders in Fort Saskatchewan Saturday night and then blasted the Traders 12-1 in St. Albert Sunday evening with 349 fans seeing some excellent goals.

Mark Messier proved that he is one of the top two or three junior players in the west when he came up with an eight point night, including three of the prettiest goals you will ever want to see anywhere.

MARK MESSIER

St. Albert took an early 2-0 lead in the first period with Messier scoring at 9:40 with a powerplay goal. Seconds later, at 10:08, John Morrow scored with both teams playing a man short.

Traders scored their only goal of the game at 15:18 with Rick Rippl beating Saint's goalie Brian Ford from close in.

Saint's increased their lead to 5-1 by the end of the second with Shaw, Gilbert

Longpre and Messier scoring in that order.

The third period was completely dominated by St. Albert as they had 18 shots on the Trader goal and scored on seven of them.

BRIAN SHAW

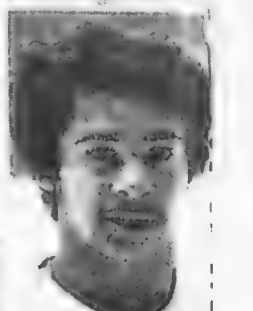

Ken Solheim started things off early in the period with a snap-shot from the blueline that Peter Jones in the Trader's net never even saw until the red light went on. Bernie Joyal, who appears to get better with every shift made it 7-1, nine seconds after Solheim's goal on an excellent passing play set up by young Troy Murray.

Mickey Volcan, Solheim with his second, a pair by Shaw on the same shift and Messier's third of the night rounded out the Saint's scoring.

Saint's coach Doug Messier rested veteran net-minder Pierre Lamoureux, who was in the goal Saturday night in the Saints 3-1 win, and went with Brian Ford and Grant Fuhr between the pipes. Both played very well in stopping all but one of 32 shots, many of which were excellent saves considering

both boys are just out of midget hockey.

Traders took 13 of 23 penalties and by no means do they have anywhere the team that they iced last season. Unless Coach Gene Achymichuk comes up with some more players its going to be a long season.

GRANT FUHR

Saints are looking well with Messier m... pleased with the play of his young rookies, who appear to be improving with every game.

Saints first home game is Wednesday, October 11 when the Traders will be in town for the opener.

Crusaders are finding the early going rough in league play, losing 7-4 to Calgary Canucks and 6-4 to the Calgary Chinooks. Chinooks also have a win over Taber while the Canucks scored a 9-4 win over Red Deer in the Rustlers home opener Sunday.

Canada is the second largest country in the world having 3.8 million square miles in area. The Soviet Union is the largest country, and the People's Republic of China is a close third with 3.69 million square miles in area.

# Girls ringette needs players and directors

St. Albert Community Services in conjunction with the Hercules Sports Association is endeavouring to form a girls ringette league in St. Albert.

Ringette, for those of you who have never witnessed the game, is played like floor hockey on ice. Cut-off hockey sticks (they look like broom handles) are used to maneuver a plastic ring around the ice and into hockey nets. No body contact is allowed and may result in a two minute penalty.

Each team has from 11 to 18 players on its roster with six - a goalie, two defencemen, two forwards and a centre - on the ice at any one time.

The game was invented in Ontario 13 years ago and is now played by over 100,000 girls all across Canada. It is currently enjoying growing popularity in Sherwood Park where several teams are involved in a league.

St. Albert is in need of two major factors to get the game off the ground - volunteer organizers to work with Community Services and the Hercules Sports Association and more players. Enough girls have already registered to form two teams but four teams are needed to make the league truly viable. (No one wants to play the same team over and over).

Ringette Alberta has prepared a Community Ringette Starter Kit which lays out everything one would want to know when forming a league. All that is needed is the people to get things moving. If you would like to help give Community Services a call at 459-6601.

## Legal senior team holding tryouts

The Legal Canadian Hockey Club of the Sturgeon Valley Men's Hockey League will be conducting its first open practice Tuesday, October 10 in the Legal Arena.

Any hockey players who would like to try out for a

position on the team are more than welcome to show up, with equipment, and be ready to take to the ice at 8:30 p.m.

More information can be obtained by contacting Dan at 961-3075 after 6 p.m.

## TUESDAY NIGHT STAMPEDE WRESTLING

Jimmy Rougeau, in the dark trunks, won the opening bout after 15 minutes with an abdominal stretch pin of his opponent Miquil Perez (in the full suit). A crowd of about 150 people turned out to enjoy an evening of stomping and wrestling at the Morinville Agriplex last night.

## Holden wins rookie honours

The second annual Sturgeon Men's Fastball League banquet was held Saturday night in the Garden Valley Community Hall with about 150 people attending.

Seated at the head table were League President Orville Miller and his wife Wilma, Vice President Rick Palmer and wife Merlund, Umpire-in-Chief Mark Contant and wife Suzanne and Master of Ceremonies, Larry Mitchell and wife Lorraine.

Orville Miller spoke about the league and the season just completed while Mark Contant had a few words to say on behalf of his umpiring staff.

For the second year in a row the umpiring staff selected three of the five trophy winners and their selections were well received.

Geoff Holden, a first year member of the Calahoo Chiefs was selected as the top "Rookie of the Year" and

he received the Ted's Meat Market trophy from donor Ernie White.

The Most Gentlemanly Player trophy, donated by Doug Johnston of Grove Equipment went to Dennis Tebay of the champion Stony Plain Playboys.

GEOFF HOLDEN

The Most Valuable Player award donated by the umpires also went to a member of the Playboys with Jim Miller being selected as the top player in the league.

The top offensive and defensive player awards selected by the coaches after each game were members of the

Devon Stingers with Brian Monaghan being selected as the "Defensive Player" and team-mate Len Turcotte the "Offensive Player" of the season.

## Jets play first exhibition

Sturgeon's entry in the Capital Junior Hockey League the Sturgeon Jets played their first exhibition game of the season Friday night in Devon against the Drillers. Even though they lost the game 4-2 they served notice that they will be a team to reckon with. They outskated and outshot (30 - 23) their opponents and the score was not entirely indicative of their play.

Final cuts have not yet been announced and the first league game goes October 18 when they meet Stony Plain Flyers.

The Lacombe Internationals and the Firebirds fought it out for the St. Albert Hercules Mini Mite Championship at Sir George Simpson pitch Saturday.

## Bantam soccer Pellets capture championship in triple overtime

Hercules House League Soccer wrapped up in all divisions Saturday and the Pellets emerged champions of the bantam division with an exciting come-from-behind triple overtime victory

over the Rockets.

Three teams finished tied for top spot after the fall go-round and the Pellets and Rockets received the nod on the strength of goals scored. On paper the Bombers, who

were placed third in the standings, had better record scoring 21 times while allowing only five against. The Pellets and Rockets both allowed 14 goals against but scored 31 and 26 goals respectively.

In the final the Rockets came out like gang busters and ran up a 2-0 lead by the half and it looked like there would be no stopping them. But the Pellets came back in the second half with Steven Ball and David Feist finding the range. Ball's goal came on a penalty shot - his second of the game.

Stephen Livingston of the Pellets notched the first marker in overtime and Todd Jones of the Rockets brought the game even with a goal in the second overtime period.

Triple overtime is played without goalies but it still took 10 minutes of play before Livingston was able to find the net for his second and game winning goal.

Both teams played strong games and it could have gone either way.

Livingston finished on top in the points standings with 29 goals and 22 assists for 51 points. He was followed by team-mate Steven Ball with 43 points and Stephan Johansson of the Bombers with 35 points.

### Midget soccer

## Rangers lose close final

St. Albert Willowbrook Homes Rangers came all the way from heavy underdogs in the Northeast Edmonton Midget League to meet Royal Gardens in the Consolation

Cup final at Coronation Park Sunday.

They opened up a 1-0 lead in the first half in a game played during a blustering wind that played havoc with their passing game. The lead was not quite enough however, when it was St. Albert's turn to play into the wind. Royal Gardens managed two goals while shutting out St. Albert in the second half to take the game 2-1.

The boys were cheered on by a strong contingent of parents who braved the miserable weather to support the team.

Crestwood, the top finisher in the Northwest League, have advanced to meet Calgary for the Provincial B championship. They defeated Cold Lake 1-0 on the weekend.

### Mites hosting Provincial B finals

St. Albert will be hosting the Alberta Mite B Provincial Championship on the weekend and as hosts have received a bye into the three team round-robin tournament.

Calgary is representing the southern zone and Sherwood Park the northern zone.

Action begins Saturday at noon with St. Albert taking on Sherwood Park at the Sir George Simpson pitch. St. Albert will have a brief rest and then face Calgary at 4:30.

Sherwood Park and Calgary face each other in the only game scheduled for Sunday. Game time at the Sir George Simpson pitch is 10 a.m. Medal presentations will follow the game.

# Redwater squeezes out Bon Accord for Sturgeon Pee wee soccer crown

An early lead didn't hold pee wees in the Sturgeon up for the Bon Accord soccer finals held in Red-

water on the weekend.

Bon Accord took a 2-0 lead early but the Redwater squad came back to tie it up by the half and then go ahead 4-2 in the second half. Bon Accord applied pressure and brought the score to within one but a quick break by Redwater resulted in a goal and put the game out of reach. The game ended 5-3 in Redwater's favour.

Bon Accord opened the tournament with three straight wins: 6-2 over Morinville, 1-0 over Gibbons and 3-0 over Morinville.

Redwater reached the final with a 3-1 victory against Gibbons and a 4-0 shutout of Namao. The luck of the draw gave them a two hour break before the final with Bon Accord who had just completed their game with Morinville a half hour before.

Bon Accord coaches Mike

## Synchronized swimmers wanted

The 700 Wing Kippers Synchronized Swim Club is looking for girls between 9 - 12 years of age who wish to try out as team members.

Girls in this age group who have Junior Red Cross or better should come to 700 Wing Pool, 11420 - 117 Street, Edmonton at 5 p.m. any Monday, Tuesday or Wednesday.

Bring your bathing suits and enjoy an introduction to this fascinating competitive sport for girls.

Wilde and Richard Robinson said the tournament was well

organized and well run. They pass on their congratulations

and a thanks to their team for putting on a fine display.

## Pee wee football action

Last Wednesday, Willowbrook and Carma fought a tough game, that saw Willowbrook come up victors by a score of 20 to 12.

Carma's first touchdown came when Sidney Usher carried the ball in from the one, following a 40 yard run by Sidney. Carma didn't score again until the third quarter, when Bob Strecker scored the big points on a 10 yard pass and run play from quarterback Dan Grant.

Paul Hogan scored Willowbrook's first major on a four yard carry in the opening quarter. Then in the second quarter, Brent Sedgewick got his first on a five yard run. The convert was good for two points. Brent scored another touchdown when he went 55 yards for the major.

### CARMA VS GENERALS

The only highlight for Carma in this match came following a 55 yard drive to the General's five yard line, but the Generals held them and Carma failed to get on the board.

The Generals started off the game kicking two singles and then Andy Christianson scored from the five to round out the first quarter. In the second, Dan Douziech went

17 yards for a major. The final points were made in the last quarter, one by Dave Clark and the other by Barton McLean. Dave Clark also came up with two interceptions. Final score Generals 26, Carma 0.

### AKINS VS WILLOWBROOK

Willowbrook recovered a fumble on Akins' 20 yard line to set up a 15 yard run by Brent Sedgewick for the major. Steve Zielinski went 70 yards to compliment Brent's touchdown to put Willowbrook up 12 points. Akins had a 50 yard drive stopped on Willowbrook's 10 yard line.

Bill McNamara played a great game for Akins in a losing cause. All of Akins' points were scored before the first half concluded, on a kick by Bill McNamara, which went 40 yards for the single and on a touchdown by Shaun Parks who went 30 yards on a pass and run play from John McKinley following a fumble recovery on Willowbrook's 30 yard line.

Steve Zielinski and Brent Sedgewick had a field day, each scoring two more touchdowns. Aaron Schelemy scored Willowbrook's other major going 15 yards

following a 50 yard drive. Dave Holden put eight convert points on the board, and John Geisler caught an interception to set up a Zielinski TD. Final score, Willowbrook 56, Akins 7.

No it's not a new dance step. These Morinville bantam soccer players found themselves in this strange position during the Sturgeon playoffs Saturday at Vanier school.

THE CITY OF

# St. Albert

The Community Services Department is promoting the development of a Recreation Sports Club (Adult) in each sub-division in St. Albert.

Anyone interested (as an individual or as a member of a group) in an evening of unstructured basketball, volleyball, etc. is asked to complete the form below and forward it to "Sports Clubs, City of St. Albert, Community Services Department, 30 Sir Winston Churchill Avenue, St. Albert, T8N 3A3." Participants will be notified if enough interest is shown in any neighbourhood.

Former members of Lacombe Park Men's Club should register at Bertha Kennedy School on Tuesday, October 9 at 8:30 p.m. The fee is \$10.

# KC Bantams continue to crush opponents

St. Albert KC 40  
Dairy Queen 6

Special teams were then heroes of the day Sunday when St. Albert Knights of Columbus bantams took on undefeated Dairy Queen in Edmonton and District Bantam Football League action. The Dairy Queen coach said after the game that he told his players to run the ball on third down regardless of the yardage needed. Anything

was better than risking a touchdown by St. Albert's excellent punt return team.

The final score read St. Albert 40 - Dairy Queen 6 but it was not truly indicative of the tough game both teams played. St. Albert Coach Roger Graff said much of the difference was breaks which all went in St. Albert's favour.

League rushing leader Tracey Fizzel set the trend for the game when he ran

back Dairy Queen's opening kickoff 90 yards for a touchdown. Dennis O'Neil didn't find the range on the extra point attempt but soon had another shot splitting the uprights when he hit for a 27 yard field goal following a fumble recovery on Dairy Queen's second play from scrimmage.

Dairy Queen took the ball on their own 35 but couldn't move it and had to punt on third down. Brad Riley re-

ceived the kick and returned it 60 yards for St. Albert's second major.

Play seesawed for most of the remainder of the opening quarter with no further scoring until O'Neil kicked his second field goal near the 15 minute mark.

The seesaw battle continued in the second quarter as both defensive units came up tough. Dairy Queen was able to move the ball downfield but couldn't cross the St. Albert 25 yard line. Middle linebacker Garret Doll stopped DQ's most threatening drive when he intercepted deep in the St. Albert end. With just three plays to the half Brad Hiley returned a DQ punt to the 53 and then a pass interference call on a long pass to Steve Ganton brought the ball to the DQ 26 with one play remaining. O'Neil's field goal attempt went wide for a single. St. Albert closed the half leading 20 - 0.

The KC'd opened the second half with a surprise short kick but good reaction by Dairy Queen foiled the attempt and gave DQ excellent field position on the St. Albert 45. On the next play Chris Hughes intercepted a pass from his corner linebacking spot and carried the ball to the DQ nine yard line before being stopped and injured on the play. Two plays later Kelly Murray ran the ball across from five yards to put the game out of

reach to Dairy Queen.

Garret Doll playing full-back for the injured Chris Hughes completed a 65 yard St. Albert scoring drive when he ran the ball 17 yards for St. Albert's fourth touchdown.

In the final stanza Hiley stretched the St. Albert lead to 40 - 0 when he ran up the middle 44 yards for the major. O'Neil's convert attempt was no good when the ball hit the crossbar and was ruled dead.

Dairy Queen hit the scoreboard for the first and only time with four minutes to play in the game. They ran a well executed swing play that went for 39 yards and a touchdown.

KC's see action tonight against Dow Chemical in a make-up game. Dow is a top contender in the league having suffered only one loss so far this season. Game time at Coronation Park (behind Westmount shopping centre) is 7:15 p.m.

## Hockey rep teams sponsors lined up

Carma Developers Ltd. has joined St. Albert's minor hockey program for 1978-79 by announcing today their sponsorship of the Bantam "B" representative hockey team.

Carma's addition to the representative division sponsorship list leaves only St. Albert's Midget "B" team without sponsorship, however activities for that team are continuing and a sponsor is expected to be announced shortly.

Carma, which has been involved in sponsorship of St. Albert's football and hockey programs in the past, is currently developing the city's new Woodland's neighbourhood.

The company, established in 1958 with head offices in

Calgary, has been involved in St. Albert since 1973, in Forest Lawn and Braeside developments.

The eight representative teams, now cut down to Alberta Amateur Hockey Association (AAHA) levels of 19 players, are geared up for a hectic season of hockey.

All B teams will play in the Pembina-Sturgeon league this season, with teams including Westlock, Barrhead, Morinville and Sherwood Park. In addition Athabasca is in the Juvenile B league. All teams will play 20 games although the final schedule is to be worked out later this week.

In addition all "B" teams will be registered for provincial playoffs, will hopefully make league playoffs, and will play exhibition games throughout the year.

All players are reminded that AAHA regulations require a helmet with full face protection for this year and the representative division expects all players to have the required face protection by October 15.

Players who fail to comply with the facemask requirement will not be allowed to continue playing or practicing after that date. Facemasks can be purchased from either of St. Albert's sporting goods stores, or from Edmonton stores.

St. Albert will soon be involved in a major fund raising project for the season with a raffle involving trips around the world.

Both Air Canada and CP Air have contributed to the raffle which sees trips for two persons plus \$1,000 being raffled off in Air Canada's world, and a trip for two persons plus \$1,000 being given away in CP Air's World.

Raffle tickets will be distributed to coaches and players shortly, and will be on sale at the Northtown Mall in mid-October. Throughout the year the tickets will also be sold at Grandin Mall, Westmount, and several other shopping centres. In addition players will "blitz" St. Albert this fall, selling the \$1 tickets.

It is hoped the raffle will be well supported for the representative teams operating on close to a \$50,000 budget, because the teams hope to raise upwards of \$20,000 on that sale.

In addition a "Meet the Coaches" disco is slated for the St. Albert Community Hall November 3 and tickets at \$6 each (which includes food) can be purchased from individual coaches or from Ed Rusnak at 458-0579.

## THE CITY OF St. Albert Public Notice Local Improvements Riel Drive

Take notice that the Council of the City of St. Albert intends to construct Roads, Curbs, Gutters and Street Lighting required to improve Riel Drive from Sir Winston Churchill Avenue to the westerly limit of Block A, Plan 6814 M.C. (Pro Western Plastics), the cost of which is to be borne by special frontage assessment.

# Gym Club growing - works for \$10,000 mat

The St. Albert Gymnastics Club, now going into its fourth year of operation has the biggest registration ever, with 270 enrolled (100 more than last year), and 25 youngsters on the waiting list. Girls have always formed by far the majority of the membership, but there are about 45 boys involved this year in a beginners and one advanced class, from which they will work up to competitive gymnastics.

This year the Canadian Gymnastics Federation adopted a national testing program at seven levels and the St. Albert club took part. "We were proud to have two girls receive the over 80 percent score needed to pass," said Coach Carleen Lewell. The federation is also looking into a recreationally based program she said, but in the meantime St. Albert Gym Club has developed its own level system for recreation gym participants and testing will occur periodically throughout the gymnastics season.

Through a stroke of good fortune the club was able to acquire the services of Wally Campbell when he came to St. Albert this year. Wally was head coach of the Norlitt Gym Club in Cold Lake and is a top flight instructor. He will be in charge of the competitive program. With Carleen Lewell and Nancy Killips the club has three senior plus eight junior coaches. Nancy was formerly with the Bounders club in Edmonton and is a national judge for women's gymnastics.

Last year all the coaches were paid but this year the senior coaches are working without pay as the club makes an all-out effort to raise funds for a "desperately needed" Flor-Ex mat, board member Angela Breadner told the Gazette. The large exercise mat is the major investment of any club and is necessary for competitive gymnasts in order to lay out their routines.

The club owns its own balance beam (\$100) and Rhueher Board (\$175) and a low balance beam. Through a city grant two years ago of \$2,000 uneven bars were purchased and two crash mats and this equipment is shared with students of Lorne Akins School, home of the gym club, under the city's joint-use agreement. Also through the co-operation of the city and the school, the club was able to get more instruction time in the school this year. Further help is available through the Alberta Gymnastics Federation from Sport Alberta

which provides clinics and demonstrations.

## KIDS GO TO WORK

The 270 youngsters themselves are going to work for the club, starting this week, with a Gym-A-Thon and undoubtedly a great many residents will be approached to sponsor the girls and boys. If they can get 100 points in a skill test they will qualify for the full amount of the sponsorship.

The gymnasts already have \$1,800 raised last spring and they hope to earn over \$2,000 with the gym-athon, add the \$1,800 for about \$4,000 which will qualify them for a matching grant of \$4,000 under the Provincial Government's Project Co-operation Grant.

Presently there are some 30 gymnasts in competitive work at A and B levels, and some of these really started to shine last year. The competitive A class will be reduced to 8 - 10 girls. These work all the apparatus and are subject to a very rigorous training program, which the

Board of Directors discuss in advance with the parents. This training leads to Provincial level competition and involves home conditioning seven days a week and a minimum gym time of eight hours a week. A further requirement is that the athlete's scholastic standing be maintained. As can be seen this involves a commitment by the parents as well.

In Competitive B the girls work at the pre-elite level, on one or two pieces of equipment. Physical conditioning is also necessary and a minimum gym time of four hours a week.

Behind the club is a volunteer Board who will hold their annual meeting and election of officers on October 11. This group, mainly parents, work with the club staff, the parents and the staff at the school in management of the club. They have found that use of one school has helped considerably - "previously we had coaches running in all directions" said Mrs. Breadner, a board member for a number of years.

## GOOD GOING!

Barb Bull, left and Terry Reid, display the crests received upon passing the pre-elite level test of the Canadian Gymnastic Federation given this summer with scores of over 80 percent. Crests were presented by new head coach of the St. Albert Gymnastics Club, Wally Campbell, at Lorne Akins school last Saturday.

## Can anyone stop the Rummies?

The Rummies and the Longview Longhorns met Sunday in a game to decide first place. Neither team had suffered a defeat and both were set on keeping it that way.

The game started evenly and it was immediately obvious that it would take some well executed plays to crack either teams defense. The Longhorns struck first but the Rummies came right back with a major of their own and from then on took control of the game although they never ran away with it.

Rummies quarterback Geoff Holden was the difference, never losing his cool and making the play work when they really needed it. After a somewhat shaky start the Rummies defense pulled together and made the going tough for Longhorn quarterback Norman Martel who was under pressure most of the game.

The final result - Rummies 26 - Longhorns 12.

Holden threw four TD passes - three to his brother Martin and one to Peter Stanley. Craig Merrills and Gil St. Arnaud scored the Longhorn majors.

The fourth place Blubber Butts played two games last week. Behind the throwing arm of Larry (Bomb) Powers they bombed the lowly Razorbacks 84 - 6 and were bombed by the Sore Losers 58 - 20.

Wednesday the Razorbacks started the game with just five players and went downhill from there. Powers picked apart the Razorback defense for 11 touchdown passes - eight of them to his nephew Rob (Little Guts) Crossley. Crossley, with 123 points so far this season, has pretty well sewn up the scoring race already. (see stats)

Little Guts' big brother Ace (Crusher) Crossley had a good night on defense picking off four interceptions - one of them for a touchdown. Jerry Byer (interception runback), Bill Slevinsky, Tony (Pappy) Petty and John (Too Good) Osgood scored the other Blubber touchdown.

Mike Mitchell put the only Razorback points on the scoreboard.

Sunday the roof fell in on the Blubbers. According to reports it was a one man show as Bob (Wrecking Crew) Heyworth directed the Sore Losers to a 58-20 pounding of the hot and cold Butts. Heyworth threw six touchdown passes and, while playing the defensive line, consistently crashed through to shut off the Butts' most effective plays.

The Blubber Butts still hold a one point advantage over the Sore Losers in the standings but have played two more games.

The Converts blew an opportunity to crawl up from Please Turn to Page 30

**We Have The Experience at Webb Hardware**

After 16 years of combined experience in the hardware business, even our staunchest competitors have to admit it—we've got the experience that counts. It counts because, through the years, our customers have always gone away satisfied. With one of the largest Hardware stocks in the area serviced by a staff that really knows its merchandise, it's no wonder. And these same experienced sales people will go out of their way to get that certain something you just can't find in other stores. You can be sure to find it here. After all, with all this know how, we've got a reputation to maintain.

# Processed poultry regulations

Agriculture Canada's poultry division has revised packaging and grading regulations for poultry meat.

The changes, which came into effect earlier this year, also recognize new labelling requirements such as bilin-

gualism, metrication, a new processing grade of Canada Canner and distinctive grade insignia.

The grade insignia consists of a letter grade on a color-coded maple leaf. Canada A is red; Canada B and

Canada Utility are blue; and Canada C is brown. Canada Canner is not marked with a

maple leaf and is available only to food manufacturers for further processing.

# Fish and Game Report

The Firearm's Safety Program, conducted by the St. Albert and District Fish and Game Association, is set to commence a seventh series. Classes will be conducted by qualified instructors and special displays will be presented by experts in the

field. The program's objective is to familiarize people, especially young people, with the proper use, care and handling of firearms. Included will be instruction in the basics of marksmanship. This latter feature may

enable the student to continue in shooting competitions, ultimately on a National level. (Maybe even Commonwealth Games?).

To date 250 participants, including two St. Albert Boy Scout groups have graduated from St. Albert Fish and Game's classes, the majority with exceptionally high marks.

Anyone interested in this program may register at the St. Albert Fish and Game monthly meeting to be held at 8 o'clock in the Community Hall, October 10, 1978 or at the Grierson Centre (where classes will be conducted) at 9542 - 101 Avenue on Wednesday, October 11, 1978 from 7 p.m. to 9 p.m. Registration is open to anyone 12 years of age and over. Additional information may also be obtained from Marlene Paterson at 475-5248.

A reminder that the annual meeting of October 10 (next Tuesday) is the public's opportunity to submit resolutions to the St. Albert Fish and Game Association. The St. Albert Association will sponsor the resolutions at the Alberta Association's annual meeting in February. The Alberta Association will pass the resolutions on to the provincial government.

Resolutions may be submitted on any subject related to Fish and Game activities and do not have to come from members.

## Freeze anyone? Family tennis

By Adrian Kennedy

It wasn't the freezing drops of intermittent rain. It wasn't the gale-force Arctic wind.

Neither was it the laden sky.

Nor was it the still-wet surface after diligent sweeping.

What finally drove home to shivering tennis players that it was time to call it a season, was the geese.

In the final hours of the final tournament Sunday it was the sight of hundreds of geese winging south, high over head, that caused "family fun tournament" chairman Cynthia Sage to tot up the scores and name the

winners.

"I make it Bob Sage and son, Ashley, in the A division," she announced as she counted wins and losses in the contest which pitted parent-child combinations against each other.

"And in the B," she added thoughtfully, still adding, "it was Ron Riley and son, Bruce. They had most wins."

She wasn't a moment too soon. As the Sages and Rileys hid their trophies under their track suits to avoid instant rust, the skies broke and the rain came pattering down.

Last quartet on the courts were the Kennedys, locked in a "struggle" which had Anne Kennedy and daughter, Shelagh, trying in vain to overcome Adrian Kennedy and son, Mike. They never did finish it.

It was the end of a strange afternoon which started when a club of antique furniture buffs (it was the furniture that was antique) found they had the track-suited tennis players competing for space in the clubhouse.

Since the antique collectors and finishers had reserved the space they didn't feel too hospitable.

"Could we just stay in the porch," begged tennis president, Mrs. Sage.

And stay they did, trying not too successfully to be quiet as they reported scores and attempted to warm up during brief breaks between games.

There may be a few hardy souls on St. Albert courts in the remaining days before winter ... but not if it's as cold as Sunday.

## Oilers entertain Canucks tonight

Vancouver Canucks will be the first of three National Hockey League clubs to play the Oilers in pre-season action which gets underway tonight in the Coliseum.

Minnesota North Stars will be here Saturday night and the Colorado Rockies on Sunday. Both games begin at 8 p.m.

Oilers will end their exhibition schedule October 11 with the Avco Cup Winnipeg Jets.

Cincinnati Stingers will be

the opposition for the Oiler's first league home game Friday, October 13.

Coach Glen Sather will get a good chance to look at some of the players that are fighting for positions and no doubt will be down to 20 or so bodies for the season opener.

### HULL OF A PLAYER

Golden Jet, Bobby Hull, makes his move around Oiler forward Dave Langevin, in third period action during last Friday's win over the Edmonton club. Hull scored the winning goal in the lack luster 3-2 win over the Oiler squad. In last night's action in Minnesota, the Oilers dropped a 4-2 decision to the NHL North Stars

## Flag football

Continued From Page 27

the ranks of the winless when they allowed the Broozers to escape with a 27-6 win. Convert players blamed a poor turnout for the early morning game for their loss but its doubtful from their play that they could have beaten a kindergarten team.

The momentum of the game noticeably shifted to the Broozers favour when Brian Harris intercepted a Convert pass in the Broozer end zone and ran 80 meters for a touchdown. A Convert TD on the play would have put them back in the game but its all history now.

Broozer quarterback Brian Harris hit for three touchdowns while his counterpart Joe Carlson connected with receiver Doug Kane for the only Convert score.

In the only other action Sunday the Dirty Dozen reminded opponents their one loss this season (to the Rummies) might be their only loss. Quarterback Ian Langridge found his receivers six times for a 47 - 7 coast over the shorthanded Razorbacks.

John McCook, Dave Grice, Randy Reinbolt and a player not identified on the game sheet (probably a ringer) put the points up for the Dozen while Harley Beauregard was the only Razorback managing to cross the goal line.

## MD Council Briefs

Following are some of the highlights from the MD of Sturgeon Council Development and Subdivision meeting held Thursday, September 28.

A decision on the proposed subdivision located NW 32 54-27-W4, just east of the hamlet of Calahoo remained on the table pending receipt of a report from the Department of Environment.

The proposed subdivision located S½ 25-56-23-W4 immediately north of the Canada Packers Turkey Farm on the southwest end of Lost Point Lake was refused.

The proposed subdivision located NE 24-54-25-W4 was refused.

The proposed subdivision located SE 35-56-1-W5 just north-west of Deadman Lake was approved.

The proposed subdivision located SE 23-55-24-W4 was refused mainly because of a severe soil erosion problem at that location, along with an inadequate river crossing and questionable water quality.

Council voted against taking over the water treatment facility at Manor Estates until a number of conditions had been met by the developer.

Council had no objection to the Gibbons Outline Plan.

At this time, Mr. and Mrs. Russell Bodnar appeared before council requesting reclassification of the land located NE 13-57-24-W4 approximately 6½ miles north of Bon Accord from agricultural to country residential. Their application was refused.

## 2 running Oct. 11 for Bon Accord Council

On October 11, an election will be held to fill the vacancy left by Dave Everitt on Bon Accord Village Council. Following is a brief resume of the two candidates running:

### BOB FEARNEHOUGH

Bob Fearnough has lived in Bon Accord for the past two years with his wife Barbara and their two children, Robert aged five and Jennifer aged seven months. Bob is 35 years old and has been employed as an airplane engine technician for the past 15 years, presently working out of Namao Air Base. He is also an ambulance service volunteer.

Bob rises to the challenge of becoming a councillor and feels that he can put something into it. In talking with a number of people in the Village of Bon Accord, Bob

### OTHER PROPOSED SUBDIVISIONS

The MD Council dealt with the following proposed subdivisions:

One three acre parcel from 156 acres two miles east of Riviere Qui Barre NW 22-55-26-W4. Refused.

One parcel of 147.66 acres, another parcel of 77.66 acres and a parcel of 12 acres from 237.52 acres located at River

Lot 38 in the St. Albert Settlement. Approved.

One 2.9 acre parcel from 160 acres located NE 8-55-26-W4 two miles south of Camilla School. Approved.

One 2.9 acre parcel from 160 acres located SE 8 55-26-W4 two miles south of Camilla School. Approved pending service road dedication.

One 2.9 acre parcel from Please Turn to Page 32

## Redwater Fertilizer Plant holds Sports Safety Clinic

The turnout at the Sports Safety Clinic held at the Legion Hall in Fort Saskatchewan was rather disappointing, however, the organizers, members of safety committees at the Redwater Fertilizer Plant, were pleased with the response shown by those who did attend last Saturday.

Bruce McMullan, equipment manager for the Fort Saskatchewan Minor Sports Association, opened the clinic with a discussion of sports equipment. Bob Boyer, a representative from the Woolco Store at London-derry, fortified Bruce's talk with two Howie Meeker films. Mr. McMullan went over the various pieces of equipment and the role they played in the child's safety and protection. He emphasized that the child should wear equipment that fits properly to afford maximum

protection, and parents should be advised not to buy equipment for the child to grow into.

Mr. McMullan remarked that it was very expensive to put a youth through a minor hockey program, but that these costs could be minimized by attending skate and equipment swaps which are held throughout the area. A person can pick up some quality equipment at these swaps usually at an exceptionally reasonable price. He also cautioned parents on purchasing expensive equipment, when sometimes cheaper equipment is of as good a quality. The main thing to remember, as far as Mr. McMullan was concerned, was make sure that the equipment fits and make sure it affords adequate protection.

### FIRST AID IMPORTANT

Laverne Willoughby, an employee of the fertilizer plant and a first aid instructor, filled the second portion of the clinic with a presentation on first aid as it applies to sport. He emphasized the fact that coaches and trainers should take a first aid course, as they were often confronted with injuries, and proper attention to injury is extremely important.

In his talk, Mr. Willoughby discussed a number of common sport injuries and how to deal with them on a first aid basis. The primary thing is use common sense and make sure the child receives medical attention as soon as possible, especially in the case of head injuries.

### LEN HALEY TALKS SPORTS

A man who has been in the ranks of the NHL for a number of years, Len Haley, shed some light on other areas of the game where injury could be avoided or at least minimized. Len pre-

Please Turn to Page 32

### THE WAY IT WAS

The Klak family in 1948 with store and car in the background. Jim and Margaret are shown with George, Alice, Helen, Joan and baby Jim junior. The Klaks bought the store in 1941 from Fred Ouimet, who, four years earlier, had purchased from Marcel Lambert's father. The huge building had a large kitchen and the Klak's built on a living room. There were bedrooms and a kitchen upstairs as well. When the building was torn down, the Klaks found newspapers from 1903 and 1904 between the walls. Store books and Post Office records have also been retained - "they form an interesting history of village conditions and people," said Mrs. Klak.

### THE WAY THEY MADE IT

The new store with house attached, was built in 1951 and reflects the growing prosperity of the district. From 1948, the family grew from five to nine children and the Klak's now boast 18 grandchildren. They are building a new home and two of their boys have also built homes in Villeneuve. "We are enjoying our retirement," said Margaret, "and look forward to a bit of travel when the house is completed." But clearly their roots are in Villeneuve, and the village likes it that way.

## Postmaster, paymaster, general storekeeper

### KLAK'S STORE WAS VILLENEUVE'S MEETING PLACE

By Margaret Joy Borie

People travelling to Villeneuve from St. Albert to buy hardware?

That's the way it was in 1941, when Jim and Margaret Klak took over the small general store at Villeneuve. There were no hardware stores in St. Albert at the time, and Villeneuve was closer than Edmonton.

The store was then about 50 years old, a two storey structure with two built on leans, one serving as a kitchen, the other housed a pool room, a walk-in cooler and an oil storage room.

The store was more than just a general store. It was the Post Office, gas station, barber shop and community recreation centre too. On Saturday nights, the farmers and hired men would gather for a game of pool, a hair-cut and just friendly talk.

Behind the store, a big shed lined with metal stored the flour and rolled oats, in 100 lb. and 50 lb. bags, that were brought in by train, a car load at a time, twice a year.

In addition to his duties as postmaster and storekeeper, Jim also served as paymaster for the three grain companies that had elevators at the station almost a mile away.

As postmaster, Jim made eight trips a week to the station to deliver the outgoing mail and bring back to the store, the mail for the district.

As roads were high graded, and St. Albert and Edmonton became more accessible, the role of the store in the community changed. Flour was no longer bought in 100 lb. sacks; the mail was delivered from St. Albert, the railroad station was used only for grain trains.

In 1951, Jim and Margaret built the present store and the adjoining house. The small store was the target for several robbery attempts over the years. Jim is an enthusiastic hunter, and one fall he went on a hunting trip, leaving his three daughters to mind the store. It was a few days from hallowe'en, and the girls thought the men in masks were very funny, until they made the girls lay face down on the floor, while the "hallowe'eners" proceeded to rob

the store of \$700 worth of guns and ammunition. Some hallowe'en prank!

Another would-be robber, surprised at his task, headed off towards Edmonton in such a hurry that he couldn't negotiate the turn and went into a ditch. The RCMP caught him as he tried to hitch a ride back to Edmonton.

For 23 years, Jim drove a school bus, and Margaret would mind the store in his absence. Her sense of humour and ready smile made "shopping at Jim's" a pleasure.

Jim and Margaret are both active in Church and community affairs, and the community is happy to see them remain in the village to which they have given so many years of service.

New owners of the store, now known as Villeneuve Groceries, are Don and Dorothy Wells with their seven children.

The best wishes of the community are with the Klaks as they head into a well deserved retirement, and with Don and Dorothy as they start a new phase in their lives. May their stay with us be as long and happy as that of their predecessors.

## briefs

Continued From Page 31

160 acres located SW 8-55-26-W4 two miles south of Camilla School. Approved.

One 2.93 acre parcel from 160 acres 2 1/2 miles northeast of the Villeneuve Airport NW 3-55-26-W4. Approved.

Two 40 acre parcels from 80 acres located S 1/2 SE 24-56-23-W4 south of Lost Point Lake. Refused.

Two 80 acre parcels from 160 acres located NW 7-55-25-W4 three miles north of St. Albert Airport. Approved.

One 3.2 acre parcel from 160 acres located SE 13-57-26-W4 north of Manawan Lake 1/2 mile. Approval subject to realignment of site.

Lagoon site, Village of Legal located SW 36-57-25-W4 and NW 25-57-25-W4 was approved.

One 111.03 acre parcel and

one 37.8 acre parcel from 151.08 acres east of Namao airport was refused.

Ten lots from 30.26 acres located E 1/2 26-56-23-W4 west of the southern tip of Lost Point Lake, was withdrawn from the agenda and submitted to Alberta Environment for study.

Two 40 acre parcels from 80 acres located S 1/2 SE 23-W4 3 1/2 miles west of Austin Acres. Refused.

One 3.2 acre parcel from 156.82 acres located NW 11-57-23-W4 two miles north of Coronado. Approved.

Two 39.95 acre parcels from 79.90 acres located E 1/2 SE 1-55-26-W4 two miles north of St. Albert Airport. Refused.

Council next met with Mr. Simpson from the Department of Environment in regards to the Sanitary Land Fill Proposal located SW 36-55-25-W4. Council will apply to the Board of Health for a permit to operate a

sanitary landfill site and set up a meeting with other municipalities to discuss the proposal and to set up a committee from the interested parties to deal with the matter further.

Council had no objection to the application to amend the regional plan to reclassify the metropolitan part of location E 1/2 26-52-23-W4 and Pt. W 1/2 25-52-23-W4 (County of Strathcona) per submission from the Edmonton Regional Planning Commission from low density agricultural to general urban.

Council was concerned about an appeal upheld by the Alberta Provincial Planning Board regarding location Pt NW 22-56-25-W4, which the Board considered suitable for residential development. Councillor Crozier made a motion that the MD Council would like the Board to inspect the site and check on a number of objections put forth by the MD Council.

Mr. Gilbert Soetaert, Mr. Angus McDonnell, Mr. Frank Robinson, Mr. Don Hood, and Superintendent of the Sturgeon Regional Recreation Council, Mr. Larry Kirkpatrick, met with council to discuss the cultural part of a grant applied for last March for cultural facilities at the Namao Composite High School. It was felt by these gentlemen that the figure proposed by Alberta Culture lacked consideration of some aspects of the facilities and that perhaps more money could be forthcoming. The MD Council decided that the Joint Use Committee put together a comprehensive submission, so council could check into the feasibility of contacting the government officials involved.

Council approved Larry Rousseau's application for removal of sand from SW 35-55-25-W4, NW 26-55-25-W4, NE 35-55-25-W4 provided that he make arrangements to maintain the road(s) that the sand would be hauled on.

A request for reclassification of land located SE 28-57-25-W4 west of the Legal turn-off on Highway 2 from agricultural to general urban was refused.

Council also turned down a proposal for a mobile home park located NW 18-56-21-W4 on 4.67 acres approximately eight miles east of Gibbons and a half mile north.

Council filed a proposal for annexation of land located

### THANKSGIVING CREATION

Thanksgiving is only six days away and helping to add to the festive holiday is Bonnie Lyn Gaumont and her paper creation. That's one turkey that doesn't have to worry about where he will be on Thanksgiving Day.

### clinic

Continued From Page 31  
sently runs a hockey school in the Sturgeon Arena.

Len expressed the importance of warming-up before the players leave the dressing room. He suggested that players only need to spend about 15 minutes

warming-up before they hit the ice where they continue to warm-up. Mr. Haley pointed out that this practice would not only minimize injuries, but would also help the team to perform better in the game.

People who are out of shape are more prone to injury, and Len commented that it was important for people to stay in shape and to perform within the limits of their conditioning. He noted that people usually get lazy in the exercising part of sport training, but he emphasized that it was important to keep them at it as the results were worth it, and in the long run they would be accepted as a routine and the whimpering would die out.

As the clinic came to a close, hamburger platters arrived on the scene compliments of the Safety Com-

mittees and everyone sat together and discussed the afternoon of information.

### election

Continued From Page 31  
employed as a process operator at the Gulf Oil Refinery in Edmonton.

Jim feels that when you live in a community, it is your duty to become involved with it, so when the opportunity came along to run for a council position, Jim filed nomination papers. He figures that he will enjoy working on the Bon Accord council and is interested in listening to what other residents have to say, so he can and will represent them to the best of his ability. Mr. Dubeault believes that development of the village is most important now, while the community is still small and close. He hopes that Bon Accord's growth will be closely watched.

# Living with change

By Pat Doerksen  
District Home Economist  
Alberta Agriculture,  
Box 1020 - Morinville,  
Phone 939-4351

Living with Change will be the theme of this and future news articles. In today's world, everything seems to be moving at such a fast pace with changes being inevitable. To help one to cope with changes, is the task at hand. Through the training taken by Home Economists, we can provide assistance in many areas that are necessary for everyday existence -- nutrition and foods, clothing, housing, home management, family living, personal development . . .

To begin the Living with Change theme, why not read about the following programs:

## JOIN IN THE FUN ...

There is still time for you to participate in some exciting fall programs. If you are interested in taking any of the following courses, please phone us TODAY at 939-4351 to register.

**Cooking For Good Health!** - Do you want to learn how to Eat and Drink for good health? In six classes you will prepare and sample various recipes featuring snack foods healthy baking, breadmaking, hurry-up breakfasts and much more. Classes begin Tuesday, October 10 at 7:30 p.m.

**Career As a Mother** - A career as a mother is a most frequent full-time career chosen by women and it is a career that has very definite time limits. This workshop

will enhance the homemaker's experience as a mother - her role, her expectations for herself and her family. As well, information on play ideas for young children will be covered. Workshop begins October 20 at 9:30 a.m.

**Sew Something Special from Fabric Scraps** - Would you like to sew some gift or decorations for Christmas from novelty fabrics or left-over fabrics? The first session begins on October 4 at 7:30 p.m.

**Sewing Blue Jeans** - This course will begin on October 18 at 7:30 p.m. Blue jeans can be quite easy to sew. The jeans you sew will look as if they are "ready-made!"

To warm up for winter time (that's not until December!), why not sew yourself or your family an authentic Eskimo Parka. This class begins on October 10 at 1:30 p.m.

## FLAUTIST FEVER

Flautist Laurie Melnyk, may not apply her flute for disco music, but the playing is getting feverish with the Gibbon School Christmas Concert not far away

## Sturgeon Regional Recreation News

Submitted by  
The Department

### CHILDREN'S DANCING

A 10 week beginner jazz dancing program, for children ages 6 - 12 will be held at the Villeneuve Community Hall. The program will be held on Thursdays, October 12 to December 14. Classes will begin at 6 p.m. To register please phone Sturgeon Regional Recreation at 939-4317. Deadline for registration is October 6.

### PRE-SCHOOL ACTIVITY PROGRAM

A one afternoon a week program for children ages 3½ - 4½ (children must be three years six months as of September 1, 1978) will be held at the Legal Recreation Centre. The program will be held on Tuesdays, 1:30 - 3:30 p.m. from October 10 - December 12. Activities will include crafts, games, music, drama and story telling. Registration will be held on October 3, 7:30 p.m. at the Legal Recreation Centre.

### TEEN PROGRAMMING WORKSHOP

On October 14, a teen programming workshop will be held at Gibbons School from 9:30 a.m. to 4:30 p.m. This workshop is specifically designed for teens and will examine the following areas: how to organize a teen program, how to get teens involved, and the various types of activities that can be done. If you are interested in attending, please phone 939-4317. Deadline for registration is Friday, October 6.

### REDWATER JOINS REGIONAL RECREATION

### The Sturgeon School Division Requires The Services Of A Teacher-Aide

To work in the automotive shop at Sturgeon Composite High School. The school serves some 800, Grade 10, 11 and 12 students, and is approximately six miles north of Edmonton.

Applicants should have had experience in the automotive repair field and should be prepared to assist the teacher in his in-class and after-class duties.

Applications should be submitted before Friday, October 6, 1978 to: Sturgeon School Division #24, Morinville, Alberta, T0G 1P0. Phone 939-4341.

### AGREEMENT

Signing of the Regional Agreement took place Thursday, September 21 at 1:30 p.m. in the MD Council Chambers, admitting Redwater into the Regional Recreation Agreement.

Representatives from all co-operating authorities; MD of Sturgeon #90, Town of Morinville, Town of Gibbons, Village of Bon Accord, Village of Legal and the Town of Redwater are in attendance.

### ADULT PROGRAMS

For adult programs in the MD of Sturgeon for this fall, watch for your tabloid or ask your community contact. Anyone wishing for a particular course please call Peggy Lees at Sturgeon Regional Recreation, at 939-4317.

The following adult courses will begin over the next two weeks:

### BON ACCORD

**Physical Culture** - Instructed by Rita Milligan begins on Wednesday, October 11 at 8 p.m. at the Community Centre. To register, call Pauline Mansfield before October 5.

**Square Dancing** - Instructed by Norman Demeule, begins Thursday, October 12 at 8 p.m. at the Community Centre. To register, call Pauline Mansfield before October 6.

### LEGAL

**Social Dance Level 1** - Instructed by Dancealta, begins Sunday, October 15 at 8 p.m. at the Legal Recreation Centre. To register, call Please Turn to Page 36

## IN THE FALL, YOUR WORST WEED PROBLEM IS UNDERGROUND. KEEP IT THAT WAY.

Fall-applied Avadex® BW herbicide by Monsanto controls wild oats before they break ground next spring.

Apply Avadex® BW after October 1st, but before soil freeze-up this fall. It'll wait out the winter, and then be absorbed by wild oats as they germinate — controlling most of them before they break ground. That's before they get a chance to steal valuable moisture and nutrients from your crop.

And with your wild oat herbicide application completed this Fall, you'll have one less job to do next spring — when your time is at a real premium.

What 90% + plus\* wild oat control can mean for your yields.

The following chart shows the dramatic yield increases that can be obtained by treating wheat and barley acres with Avadex BW in the Fall.

1977 TEST PLOT RESULTS FOR ACRES TREATED WITH GRANULAR AVADEX® BW IN THE FALL.		
YIELD		Bu/A
Treated wheat	Total # plots (15)	50.7
Check	Total # plots (15)	35.7
Ex - yield bu/A		15
% increase over check		42
Treated barley	Total # plots (11)	62.9
Check	Total # plots (11)	36.4
Ex - yield bu/A		26.5
% increase over check		73

\*Results may vary, depending on use conditions

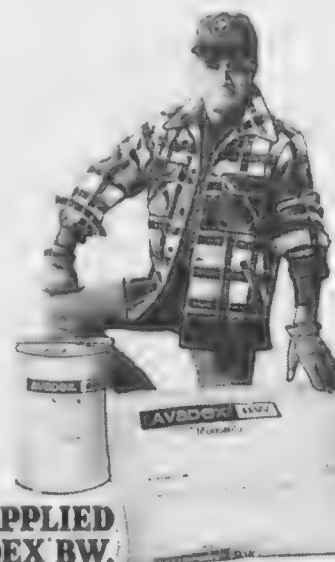

Avadex BW in the Fall leaves you free to plant any of six labeled crops next spring.

Keeping your worst weed problem underground shouldn't create other problems for you above ground. Fall apply Avadex BW, and you can still plant whichever of six labeled crops looks best to you next spring: wheat, barley, flax, rapeseed, mustard or sugarbeets.

In the spring, you normally face both a time problem, and a wild oat problem. Fall-applied Avadex BW can help you keep both under control.

Always read and follow the label directions for Avadex BW.

Avadex® BW is a registered trademark of Monsanto Company.  
AvBW CFF-II/B

**FALL-APPLIED  
PRE-EMERGENT AVADEX® BW.**

MORE TIME FOR YOU - LESS TIME FOR WILD OATS.

# Morinville Memos

**By Margaret Yacyshen**  
The last Farmers' Market of the season will be held tomorrow, October 5 from 5 to 9 p.m., at the Agriplex. A selection of seasonal produce will be available.

## NOTICE TO PARENTS

Parents who wish their children to take the bus in the town must have the bus

fee of \$80 paid by November 1, 1978. Bus passes will be issued effective November 1, 1978. Those children without a pass will not be allowed to take the bus. Cheques should be made payable to the Thibeault R.C.P. School District #35. These may be taken to the board office in the Historical and Cultural Centre (old convent), where the children's bus passes will be

issued.

## RUMMAGE SALE

The Morinville Brownies will hold a rummage sale on Wednesday, October 11 from 9 a.m. - 9 p.m. at the Recreation Centre. Donations of articles would be appreciated. Items may be dropped off at the home of Marlene McDonald, 10206

103 Street, please call her at 939-3584 before coming.

## MORINVILLE LIONS FIGURE SKATING CLUB

Figure skating lessons will start on Tuesday, October 24. Anyone who missed registration or requires additional information may phone 939-4401 for A.R.S.A. or 939-3059 for C.F.S.A. The

deadline for registration is October 17.

## LADIES CURLING CLUB

The fall general meeting of the Ladies Curling Club will be held on Wednesday, October 11 at 8 p.m. in the curling rink upstairs. All women curlers are encouraged to attend.

The club is still looking for

someone who is willing to babysit during the Tuesday afternoon curling league. The time is from 1-3:15 p.m. starting October 24. For more information contact Jeannie Kochman at 939-4066 or Shelley Parko at 939-4071.

### STURGEON SOCCER PLAYOFFS

Gibbons B emerged as the top team in the Sturgeon mite playoff tournament held at Namao Saturday. The action above took place in the match between Morinville White and Redwater.

## Morinville Agriplex Reports

The Morinville Farmers' Market held last Thursday once again proved too popular to the many consumers who were busy

making purchases for the winter months ahead at low fall prices. Those of you who have not yet taken advantage of the Morinville Farmers' Market to stock up on winter staples should do so this week. The October 5 Market will be the last one of the year. Doors are open 5:30 - 9 p.m.

The Central Sturgeon Agricultural Society, through the greatly welcomed efforts of its members and other volunteer helpers, ran a very successful casino night in the Morinville Agriplex.

The casino realized a profit of \$3600 which has been earmarked to help defray the cost of minor hockey, figure skating, power skating and other activities associated with the arena.

### CASINO NETS'S FOR WINTER PROGRAMS

### memos

Continued From Page 34  
able in the men's Monday and Thursday evening leagues. Complete rinks or individual curlers may submit their names to Margaret Yacyshen at 939-3047. The fee is \$43 per person for the season.

Entries are also still being accepted for a Sunday mixed league. Anyone interested is asked to phone 939-3047.

### HOCKEY NEWS

The Sturgeon Jets Junior B hockey team will play Sherwood Park in an exhibition game tonight at the Morinville Arena. Game time is 8:45 p.m. Other exhibition games will feature the Jets in Sherwood Park on October 6 at 8 p.m. and then in Beaumont against Leduc on October 13 at 8 p.m.

The Sturgeon Jets hockey team is made up of boys from the Sturgeon district who are between 16 and 21 years of age.

Anyone with news items is asked to contact Margaret Yacyshen at 939-3047, Mail Box 100, Morinville or stop in at 9715 - 99A Avenue.

### MINOR HOCKEY

Anyone who didn't register for minor hockey may call Doug Ramer at 939-4565 or Deanna Christie at 939-3581.

A Flea Market will be held on October 14 from 9 - 12 noon at the Agriplex. Used hockey equipment may be sold, bought or traded.

## Rancheros 4H Light Horse Club News

By Dillis Soetaert  
The RQB Rancheros held their organizational meeting on September 18 in RQB Hall. This year the club has increased its membership to 26.

The following officers were elected: Leader - Hector

Soetaert; Assistants, Don Campbell, Morris Gonnet, and Gordon Fuhr; President, Corine Soetaert; Vice President, Mari Nakamera; Secretary, Janet Perrott; Treasurer, Linda Soetaert; Club Reporter, Dillis Soetaert. This year our meetings will

be held on the first and third Mondays of the month.

Our annual Christmas family dance will be held on December 2. 4H members and sponsors are invited. Music will be provided by our favorite orchestra, the Satellites.

## Legal Locals

### ATTENTION HORSE LOVERS

The Legal Amigos 4H Light Horse Club will be hosting a Horse Management Course, sponsored by the Alberta Horse Industry Branch on October 27, 28 and 29 in Legal.

All people raising horses, riding horses or simply interested in horses are invited to join the 4H club members in learning new techniques and refreshing their memories on proper horse management, by attending this course.

Register by telephoning Gladys at 961-3770. Registration deadline is October 21st.

### LEGAL SENIOR TEAM HOLDING TRYOUTS

The Legal Canadian Hockey Club of the Sturgeon Valley Men's Hockey League will be conducting its first open practice Tuesday, October 10 in the Legal Arena.

Any hockey players who would like to try out for a position on the team are more than welcome to show up, with equipment, and be ready to take to the ice at 8:30 p.m.

More information can be obtained by contacting Dan at 961-3075 after 6 p.m.

### LEGAL CURLING CLUB NOTES

Registrations are now being taken for the Legal Curling Club Square Draw. The deadline for registration which includes Men's, Ladies' Mixed and Afternoon leagues is October 22.

## recreation news

Continued From Page 33  
Carmine Morin before October 10.

### NAMAO

**Bargello - Instructed by Shirley McGowan, begins on Thursday, October 19 at 9 a.m. in the Namao Hall. Babysitting provided for a nominal fee. To register call Betty Jorgenson before October 13.**

### STURGEON HEIGHTS

**Ladies Fitness - Instructed by Marg Thompson, begins Wednesday, October 11 at 7 p.m. at Sturgeon Heights School. To register, call Marg Thompson.**

### STURGEON VALLEY

**Ladies Morning Out - Co-ordinated by Lil Lemiski, begins Wednesday, October**

Don't forget our annual Fun 'Spiel which kicks off the curling season in Legal. The 'spiel goes November 1 and entries may be phoned in. Call Pat (961-2262), Remi (342-2419) or Laurette (961-2494) if you need any information on either the square draw or the fun spiel.

11 at 1 p.m. at the Sturgeon Valley Hall. For information, call Lil Lemiski.

### HANDICRAFT EXHIBITION

The Sturgeon Handicraft Exhibition is scheduled for November 4 and 5 at the Morinville Recreation Centre. This is primarily a display of different recreation programs available to you, plus demonstrations of new activities that we hope to bring to Sturgeon. The opportunity to sell goods, for those who were anticipating this, is still available. Come and enjoy the live entertainment, delicious food and visual displays. For more information, call Sturgeon Regional Recreation at 939-4317 or come and see us at the M.D. building in Morinville.

### REFEREE CLINIC

National Referee Certification Program - Regional to be held at Bon Accord Arena, Saturday, December 2 and Sunday, December 3, 9 a.m. - 3 p.m. This course is excellent for the beginner and experienced referee. All 1978/79 rule changes will be discussed, as well as regular rules. This is a level 1 - V course. Fee will be \$7.50. To register, please call Jim Newman at 939-4317.

### JAZZ DANCING

A 10 week dance program for ages 6 - 12 will be held in Legal at the Recreation Centre on Tuesdays. The program will begin on October 10 and classes will be held from 6:30 - 7:30 p.m. (ages 6 - 8), and from 7:30 - 8:30 p.m. (ages 9 - 12). To register, phone 939-4317. Class enrollment is limited, so register early.

### TEEN PROGRAMS

If any teens are interested, the following programs can be offered. Multicrafts, sewing, fitness, copper enamelling and Poise Plus. If interested, please phone your community contact or Sturgeon Regional Recreation.

## Village of Legal Invitation to Tender

For sale by tender, one 1952 8N Ford Tractor with 3 point hitch and back blade. Tractor can be seen at 5308 - 50 Avenue, Legal. Call R. St. Jean at 961-3663 after 8:00 p.m. Each tender must be accompanied by a 10% deposit to be refunded on unapproved tender. Highest or any tender not necessarily accepted. Sealed tenders addressed to the attention of Mrs. Agnes Montpetit, Secretary-Treasurer, marked "Tractor Tender" will be received at the office of the Village of Legal until 2:00 p.m. on October 20, 1978.

Mrs. Agnes Montpetit  
Secretary-Treasurer  
Village of Legal  
Legal, Alberta

### MOBILE HOME?

The crew of this mobile home stopped for dinner at the Legal Corner Cafe last week. The 'no parking' sign couldn't have been meant for houses—could it?

## Alcomdale News

### By Beryl Bailey

Mrs. J. M. Bailey was a recent house guest of Mrs. R. Wills in Morinville.

The Alcomdale Community League held its first meeting of the season Wednesday, September 27 with only a small number of members present. Business of a general nature was discussed as well as plans for a cabaret to be held later in the season. The next meeting will be held October 25 in the Alcomdale Community Hall and the executive would like to see more members present.

The bad weather is a main topic of conversation these days. Farmers are in the worst position with crops lying in fields so long and deteriorating. Gardens are muddy and anyone taking up vegetables does so at the risk of being mired. The first frost was noted September 26 since then trees have taken on autumn hues. Wild Geese were heard going over the afternoon of September 27 so winter is once more on its way. We hope it will delay its arrival for many weeks.

### INDEPENDENCE

Mrs. W. McDonald, president of the Independence W.I. welcomed over 50 guests at the branches' 12th Annual Oldtimer's Dinner, given by this branch of the Institute in their hall Friday, September 29. The evening commenced with a roast beef dinner. The Doxology was sung by all, as grace. This idea was suggested by the

Rev. J. Nicholas of Barrhead, a former minister of the Independence United Church now retired.

Following the dinner, a sing-song was held led by Ms. Peggy Lees and Paul Johnson of the Sturgeon staff. Mr. Johnson accompanied on the guitar and banjo. He also rendered several solos, among them an amusing one regarding farm life.

Thomas Spargo showed interesting slides of a trip he and Mrs. Spargo had taken about two years ago to the Holy Land, with a Rex Humbard tour. He had some very good slides of the city of New York and area, and of Tel Aviv where the tour commenced. Following these slides taken by Mr. Spargo, he showed a series of the tour in detail, accompanied by a tape describing these by Mr. Humbard. In spite of the fact that Israel is so dry and barren there were many areas which appeared green and pleasant. The tile mosaics and other lovely interior decor of the many centuries-old churches and buildings were most beautiful. The presentation gave a totally different view of Israel than most people have, who have never visited it. A vote of thanks was given Mr. Spargo at the end of the show. Coffee and cake were

served to end a most interesting and pleasant evening.

Oldtimers from Edmonton, Ryley, Westlock, Barrhead, Devon and surrounding points were present.

Mr. and Mrs. Sandy Arlow spent a visit at the home of Mrs. Arlow's mother in Vernon, B.C. recently and brought Mrs. Arlow's mother, Mrs. W. Poggemöller, back with them for a visit. Also visiting in the district is Mrs. I. Keyes, of Victoria, B.C., at the home of her daughter and son-in-law, Mr. and Mrs. Gerald Ender-ton.

Mrs. H. Huntley and two small daughters were recent weekend guests of her parents, Mr. and Mrs. Alex Benson.

Don Davidson is at home doing very well after several weeks in hospital due to a heart attack.

Mr. and Mrs. Cleone Sparre of Napier, New Zealand, are leaving for home shortly after spending the past two or more months in the district looking after their business interests. During this time they have been staying with Mr. Sparre's sister and brother-in-law, Mr. and Mrs. M. Davidson.

## Horse Hill News

By Esther Wallbank

Tickets for the hallowe'en dance (for adults) are now available from Ron Wallbank, phone 973-3826. You can also contact members of the executive and arrange for your tickets early. Music will be provided by "Busted Flats." Costumes are optional, and prizes will be awarded for best costumes. The admission charge of \$12 for community league members and \$14 for non-members includes a buffet to be served at approximately 10:30 p.m.

If you like to plan well in advance, and have received static from the family that they are not included in this dance, the next family dance is planned for December 2 with music by Peter's Stereo.

Peggy Lees from Sturgeon Regional Recreation has announced quilting classes on Thursday evenings from 7 - 10 p.m. starting November 2 and bargello for Mondays, 7:30 - 9:30 p.m. starting November 6. Call your contacts - Peggy 973-5783; Barbara 998-2739; or the Regional Rec. office for information or to register.

Trudy Freeman has again volunteered work with older teens and adults interested in badminton. About 20 people would make it really worthwhile. Please contact her as soon as possible at 973-7179 if you are interested. This will probably involve two evenings a week and registration will be \$5 or \$6 depending on community league membership.

### ATTENTION TEENS

## Air Cadets on Parade

### #524 STURGEON AIR CADETS

Senior cadets are busy with new duties as they put into practice what they learned at the varied summer camps they attended. At the same time the juniors (new recruits) are learning basic drill. A few seem to have a bit of trouble telling their left foot from their right, but they're learning!

We would like to extend a warm welcome to our new liaison officer, Captain Ken McLennan of #435 Squadron, Namao. Born in Belleville, Ontario, Captain McLennan has been in the service 10 years, with the past three years spent at Namao where he flies the Heres. He is unmarried. We look forward to working with him during the coming year.

Of course, with the coming of the new, we must say good-bye to the old. We would like to thank our former liaison officer, Capt. Stan Geiger of St. Albert, for all the help and advice he has given the squadron and sponsoring body during his time with us. His aid has been invaluable, and was, and is, most appreciated by all of us.

### CPL. SAUNDERS ATTENDS CAMP

Cpl. Alan Saunders of #524 Sturgeon Air Cadets was privileged to attend the Vernon Army Cadet Camp in British Columbia this past

Notice has been received that a teen programming workshop designed especially for teens will be held on Saturday, October 14 from 9:30 to 4:30 at the Arts and Crafts Room in Gibbons School. There is no charge to residents of Sturgeon. Areas to be covered include how to get teen involved, how to organize a program, activities for teens. Deadline for registration is Friday, October 6. To register, phone 939-4317. For further information contact Janet Shertabett at 939-4317. Please bring your own lunch.

Thanks go to those who helped with the work party last Saturday in the dismantling of the skating rink. This allows work to begin on a proper access and up-grading of the area.

Over the last few weeks many area residents have been on tours of the soon-to-open Federal Penitentiary My husband and I participated in such a tour last Friday, and found it to be very interesting and informative. This is, of course, the newest such facility in Canada, and therefore has some experimental features. Surroundings are functional and comfortable but by no means lavish. I know that I am now a much more informed person, with factual information, not what we hear about, or see on T.V.

Like one member of our tour said "A nice place to visit, but I wouldn't want to live here." I'm sure area residents were reassured that security is as good as it could possibly be.

### SENIORS BINGO

Bingo night at the Dew Drop is proving to be a popular activity.

## Namao News

By Norma Crozier

Namao U.C.W. will meet at the home of Mrs. Norma Crozier on Wednesday, October 11 at 1:30 p.m. Final plans will be made for the turkey supper which will be held in the Namao School Auditorium on October 21 beginning at 5 p.m.

In the Sturgeon Minor Soccer Association tournament held on September 30, Namao hosted the mite teams. Winners were Gibbons B team - first place; Morinville Red Team - second place; Gibbons A Team - third place. With the co-operation of the weatherman and no rain until the tournament was finished, it was a most successful day, enjoyed by players and their parents.

Mrs. Jean Crozier is back home after spending a month in the Muskoka Lake country, 150 miles north of Toronto, Ontario. Here she attended a Virginia Satic workshop taking a leadership course on Family Therapy. Jean will use her new skills as a volunteer leader with the Family Life Education Council of Edmonton. She had been working at the Volunteer Action Centre in Edmonton previous to attending the workshop.

Namao 60 Plus Club organized a tour of the new Federal Penitentiary at Horse Hills on September 28. Thirty-five residents went on an extensive conducted tour of the new facilities which will be opened soon.

CPL. ALAN SAUNDERS

summer. Although cadets were mainly from army cadet corps, this camp, as are all other cadet camps, is tri-service so there were a number of sea and air cadets attending the various courses.

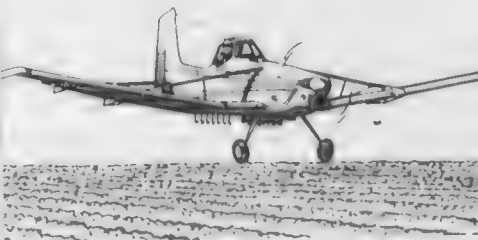

Cpl. Saunders took the six weeks long Cadet Leader course, which included instruction in the use of map and compass, bushcraft, rifle drill and range, sports, leadership and public speaking. Great emphasis was placed on physical fitness, with cadets participating in running, going through obstacle courses and track and field. Cpl. Saunders came first in the senior boys high jump.

The camp band and D Company (of which Cpl. Saunders was a member) marched in the Penticton Peach Parade and placed second.

Cpl. Saunders said that the instruction given was terrific and he hopes to use his training for the benefit of the squadron.

## Bon Accord News

By Sadie Allen

A farewell party was held at the home of Mr. and Mrs. Dennis Schneider in honour of Larry and Lorianne Draper who are now making their home in Valleyview.

Catechism students in Grades 1 - 6 have now received their books and the new season is underway. A sincere thank you is extended to the youth and folk guitarists who participated in the first Youth Mass on September 24. Another will be held on November 19. Catechism classes are held every Sunday at 9:30 a.m. at the Bon Accord School. Contact Clay or Mary Leblanc, 921-3690 for information.

On Thursday, October 5 at 8 p.m. in the Gibbons School, a special film presentation on "Transcendental Meditation and Sports" will be shown. Professional athletes talk about the benefits they have received from practicing the T.M. program. Geoff and Ben Toane will be lecturing.

A very good crowd turned out for bingo on Sunday evening, despite the inclement weather. The bingo jackpot is now \$425 in 51 numbers. The consolation was won in 54 numbers by Ella McCullough. The first bonanza was won by Susan Creusot, the second shared by Ann Werbitski of Egremont and Helen Tomlinson, Bon Accord.

A note to Catechism students -- There will be no classes held this weekend - due to the Thanksgiving Day holiday.

On Wednesday, October 11 at 8 p.m., the second in the series of Adult Education programs sponsored by the Roman Catholic Church Councils of Redwater, Gibbons, Bon Accord and Namao will be held in the Namao United Church. The title: Liturgy, the speaker, Brother Donatus.

Thanksgiving service will be held in Holy Trinity Anglican Church on Sunday, October 8 at 9 a.m. Donations of whatever you have will be gladly accepted. October 9 is the Thanksgiving Supper at the Cave in the Bon Accord Arena. Supper gets underway at 5 p.m., and is served until 7 p.m. This date also marks the final Farmers' Market for the season, which will get underway at 4:30 p.m.

for the Car Raffle will be held on October 9 during Farmers' Market. If you have not purchased your ticket, call Sandy Herd, 921-3610. You can't win if you don't have a ticket.

This Thanksgiving Sunday will be celebrated in a special way at the United Church. The congregation is asked to bring gifts of non-perishable food items for the Bissell Centre. This is your opportunity to share where the need is great. Church services at the United Church are held regularly at 9 a.m.

The first meeting of the season for the United Church Women will be held in the church on Tuesday, October 10 at 1:30 p.m. New ladies are encouraged to attend. Children are welcome.

### You are reminded --

A miscellaneous shower for Judy Abramski will be held at Wendy Ferbey's on Wednesday, October 11 at 8 p.m.

Physical Culture with Rita Milligan gets underway on October 11 at the Bon Accord Community Centre at 8 p.m. Registration for this class is being held on October 4 at 7:30 p.m.

Square dancing gets underway on Thursday, October 12 at 8 p.m. Make sure you are registered for this fun session. Good exercise too!

Children's Gymnastics is being held up until a joint-use agreement between Sturgeon Regional Rec. and the school has been finalized. It is possible that this course will not be held until after the New Year. Registration in all other courses will be coming up soon. Watch for dates. A few more interested persons are needed for the Eskimo Parka class. Call Pauline - 921-3625.

The Golden Gems senior group will be sponsoring a Tupperware party in the near future. All proceeds will be used to buy Tupperware for the kitchen at the Jewel Box. Everybody means extra points for the club and so everyone is cordially invited to attend. If you are unable to attend but would like some item, no matter how small, please place your order with Joan Hill, 921-3674.

A note to paper savers -- your paper is appreciated BUT -- paper not tied or paper left at the laundry is NOT appreciated. Please tie securely and deposit in the paper shed, just west of No. 1 Wheat Pool elevator. Thank you.

## BIG BAND ERA

Second year band student Derek Melnoichuk, gave the Gazette a taste of what part of the band will sound like before the Gibbons School Christmas concert comes about.

## Gibbons Seniors welcome guests

The Last Round-up Club held a regular meeting on Thursday, September 28 at Dew Drop Inn.

Mr. Bell showed slides. These were taken on a trip he and Mrs. Bell enjoyed, to parts of the British Isles and Europe. They were much enjoyed. This was followed by a few games of bingo.

A head count showed 54 persons present; 39 members and 15 visitors. Special guests on this occasion were members of the Coronado U.C.W. Unit No. 1. Visitors were Mr. and Mrs. Leggett from Edmonton and Mrs. Klack from Opal, Mr. and Mrs. Bell. There were also a number of residents from the Manor. Another gentleman took out membership - Mr. John Golden.

A lovely lunch was served. Birthdays (September) celebrated were Mabel Dawson (celebrating this day), Mary and Nick Jusa, Mary Warawa and Katie Petherbridge. Birthday cake was contributed by Gladys McWhirter (Sunday School Circle).

We sang Happy Birthday and The More We Get Together.

On Thursday, September 21 an experimental "Games" afternoon was held. A good many turned out and seemed to enjoy themselves. There will be another Games afternoon on Thursday, October 5 commencing at 1:30 p.m. Any seniors are welcome to attend.

Through an oversight we missed a "Thank You" to Emily Oliver for cushions on the chesterfield.

Hope I have not missed any names or information I did not expect to be writing for the Gazette, as I resigned as secretary some time ago.

Next regular meeting is October 12, 1:30 in Dew Drop Inn. Please note change in time - this is to accommodate Manor residents whose supper hour is 5:30.

Almost forgot a number of our club members journeyed to Bon Accord on September 22. We really enjoyed the pot luck supper and bingo. Many thanks to the Golden Gems.

# Gibbons News

By Karen Hogg

The Gibbons Sunday School will be holding Thanksgiving services on Sunday, October 8 at 10 a.m. This is a non-denominational church and everyone is warmly invited to attend our services.

The Emmanuel Anglican Church supper will be held Sunday, October 22 from 5 to 7 p.m. in the Gibbons Hall. Note this change on your community calendars as there it is slated on the Saturday. Be sure to mark your calendar and make plans to attend this delicious supper.

Best of wishes to Donald Veenstra and Laura Sidlyk who will be married at the Catholic Church this Saturday in Gibbons.

The L.A. (Local Association Parents of Busy Bees) are holding their meeting on Tuesday, October 10 at 8 p.m. in the hall. Every mother of every child is urged to attend this very important meeting.

Mr. and Mrs. Louis Lamoureux are pleased to announce the engagement of their daughter Deanna Lynn to Allan Lloyd Montpelier, son of Mr. and Mrs. Oliver Montpelier. Wedding will be announced at a later date.

Last Sunday saw the arrival home of Heather Fearnley, Kevin McWhirter, Deanna Lamoureux and Allan Montpelier after a two week holiday in Disneyland. The foursome drove down.

## ORGANIZERS NEEDED

So far two hours a week have been allotted to the figure skating club. Unfortunately, there still has been no one to take over the organizational end of the club. If no one volunteers

their services as of October 15 the two hours will just be awarded to some other club and there will be no figure skating at all this year.

The Gibbons Nursery School would like to send a warm thank you to all the businesses in Gibbons for their support in the bingo, to the Gibbons Community Hall for helping to get our license. If it were not for these organizations we would not be possible.

## The Gibbons Nursery School

The Gibbons Arena officially opened up on Saturday, September 30 with hockey school and practises going on all weekend. Public skating this year will be on

Wednesdays from 3 to 5. Fridays from 3 to 5 and Sundays from 4:45 to 6:45 p.m. Family memberships will be on sale October 15 for a fee of \$10 per family or \$5 per person. So get your skates sharpened and come on out for an enjoyable afternoon.

Congratulations to Don and Jeannie Rowse on the birth of their third son Richard Alexander who was born on September 14 weighing in at an even 8 lbs. Proud brothers are Donny and Kenny.

If you have any news you would like to see in the paper, please phone me at 973-6924 about special events, club activities, social, etc.

Mr. and Mrs. Mike Petryk prepare to cut the beautifully decorated wedding cake on the occasion of their 50th Wedding Anniversary.

## Petryk's honored

On Sunday afternoon, August 20, long time residents of Bon Accord, Mr. and Mrs. Mike Petryk were honoured at their farm home. The occasion was a family reunion to celebrate the couple's Golden Wedding Anniversary.

Immediate family members from Edmonton, Salmon Arm, B.C. and Abbotsford, B.C. were present.

Grace was said by granddaughter Evelyn Andruski and a toast to the honoured couple was proposed by their daughter Anne Andruski.

Mr. and Mrs. Petryk received plaques of congratulations from Prime Minister Trudeau, Premier Lougheed and Lt. Governor Steinhauer.

## AMBULANCE SERVICE

To inform and discuss with residents the need for an Ambulance Emergency Service in Redwater and surrounding areas, a public meeting will be held at Redwater Multiplex at 8 p.m. on October 16. Sponsored by the Lions Club, the meeting will be an Open Forum type. Twenty volunteers are needed as drivers and attendants to start training as EMT's (Emergency Medical Technicians). You need no previous training to take a St. John Ambulance Course, which is very easy for anyone to understand, learn and remember.

At the monthly meeting of the United Church Women held last night it was decided to hold a potluck supper at the Church Hall October 15 at 5:30 p.m., as a social gathering and "get together" of members and adherents of the church. Each family should bring enough

## Redwater Social Notes

The future Redwater Plaza is at last under construction.

The former Cenotaph site was purchased from the previous owners, has been redesigned and building is proceeding under building contractor's Dedio Homes Ltd., and will hopefully be completed in January, weather permitting. If not it is slated for early spring.

The site covers 23,000 sq. ft. and will have 16 units for retail outlets. Inquiries have been made for dry cleaners and laundromat facilities, also a pizza parlour and a bank.

For an evening of Friendship and inspiration, an inter-denominational fellowship gathering is held every Thursday evening at 7:30 p.m. at St. Clare's Church. Everyone is cordially invited to attend.

food to feed themselves and two other individuals.

Sunday school has started and is underway each Sunday at 9:30 a.m. during the regular service.

The new A.L.C.B. building should be ready for customer service by the end of this month. Designed by John Graham architect Engineers Ltd., and under construction by Vanderspel Construction, the \$328,000 6,600 sq. ft. building is designed for self service.

Ken Nelson, who has been with the A.L.C.B. serving the community since 1961, and Ed Cholowski of Radway for four and one-half years, are waiting patiently to take up their positions in the new quarters.

Scouts and Cubs registra-

tion 6 p.m. Tuesday, October 17 at the Legion Hall. Parents must attend please. Meetings of both scouts and cubs will be held every Tuesday in the Legion Hall from 6 to 7:30 p.m.

The Redwater Peeewees won the Area Trophy at Redwater as the soccer season wound to a close.

Mites were third in the area finals. The games were held at Namao. The first game was with Bon Accord (2 to 1 for Bon Accord). Redwater played and beat Gibbons 1-0. Morinville won over Redwater 1-0.

The Mini-Mites played very good games and came in second in the finals. Redwater took the game with Bon Accord 1 to 0. Gibbons and Redwater finished 0-0. Gibbons won in a sudden death.

## Redwater Farmers' Market

The last Farmers' Market, September 16 was very successful, the forthcoming one October 21 promises to be more so, with a flower show from Tofield, which will take up two full tables.

The Tops Club is having a miscellaneous sale booth. There will be baked goods, children's toys, handicrafts, jewellery, houseplants (do your Christmas shopping early) as well as pyrogies, honey, eggs and late fall

vegetables. Get your pumpkins for hallowe'en jack-o-lanterns. Again there is a door prize. Every Farmers' Market in Redwater has a door prize though there is no charge for admittance, tickets for the door prize are available. This is a service to the community sponsored by the Legion. It is held in the Legion Hall from 12 - 4 p.m., \$5.00 a stall. Phone 735-3582 while there are some stalls open.

### St. Albert Constituency

We believe Ernie Jamison is the best man to represent the St. Albert Constituency in the next election, and are working to have him nominated as Progressive Conservative candidate at the nominating convention in Morinville, November 16th

We remind you that a voting membership card must be shown at the convention, and we are assisting him in this regard

If you wish to help please phone Ernie at 458-2240 or 459-3852, he would like to hear from you

Ernie is approachable, anytime

Inserted by the Nominate Jamison Committee

## Herbert Craig celebrates 80th birthday

By Norma Crozier  
On Sunday, October 1, 1978 the family of Herbert Craig of Edmonton, gathered at Strathcona House to honor him on the occasion of his 80th birthday.

Herb is the second oldest son of early Namao pioneers Will and Margaret Craig. Will settled in the Namao district with his father in 1883. Born at Namao in 1898, Herb spent his early years on the farm before going to Edmonton to work for the Dominion Government as a livestock inspector. Upon his retirement he and his wife Bessie built a new home on his farm, just north of the Craig family farm at Namao. Here they lived and farmed for a number of years before

retiring to live in Edmonton. They raised a family of three daughters and also have five grandchildren.

Present for the birthday celebration were daughters Phyllis Craig of Edmonton, and Carol Sims of Veteran, Alberta, their third daughter Jean Baptiste of St. Georges, Granada, West Indies was unable to attend. Also present were his sister Doris Clapp and her husband Harold, of Namao, his brother Clifford Craig and his wife Edna of Calgary, and sisters-in-law Marjorie Clark and Daisy Craig of Namao, also many nieces and nephews.

Many more happy birthday wishes to Herb from Namao district.

## Fleming - Fay nuptials

By Norma Crozier  
St. Matthew's Catholic Church in Edmonton was the setting for a beautiful summer wedding on August 26, 1978, when Patricia Anne Fleming became the bride of Kim Joseph Fay.

Patricia is the only daughter of Mr. and Mrs. Thomas Fleming of Namao and Kim is the oldest son of Major and Mrs. Frank Fay formerly of Namao, currently residing in Ottawa, Ontario.

Vases of mixed flowers decorated the church for the double ring ceremony performed by Father Rose. Organist and soloist was Linda Riddel.

Given in marriage by her father the bride was radiant in her gown of sheer over satin with scalloped lace trimmed neckline, sleeves and border, and full train. Her floor length veil was held in place with a matching headpiece. She carried a bouquet of white stephanotis and wore a single strand of pearls, her only jewellery.

Attending the bride were maid of honor, Rose Marie Moeller from Calgary, and bridesmaids Leslie Fay from Ottawa, sister of the groom and Elizabeth Dawe of Edmonton. Their gowns were in shades of yellow, peach and plum in identical styles featuring a full pleated skirt, pleated cap sleeves and V neckline. They wore picture hats and carried bouquets of baby's breath and roses to match their gowns.

The groom's attendants

were best man, Marc Rittinger from Moose Jaw and ushers Peter Fleming, brother of the bride and Alan Fay, brother of the groom.

For her daughter's wedding the bride's mother chose a rose polyester knit gown with ruffled neckline and skirt edge, with a corsage of pink roses. The groom's mother wore a gown of printed pink sheer complemented by her corsage of pink and white roses.

For the reception and dance held at the Namao School Auditorium, Mr. Jim Young acted as master of ceremonies. Mr. Peter Fleming proposed the toast to his sister, the bride. Marc Rittinger gave the toast to the bridesmaids.

The head table was centered by two candelabra, a three tiered wedding cake and a traditional groom's cake.

Special guests were the bride and groom's grandmothers, Mrs. Angela Radenovich from Windsor, Ontario and Mrs. Marie Wass from Indian Head, Saskatchewan and the bride's aunts, Mrs. Olga Tarala and Donna Radenovich from Windsor, Ontario and Mrs. Ruth Tarolo from Gary, Indiana, U.S.A. Numerous other guests came from Saskatchewan and British Columbia.

After a honeymoon trip to Coeur d'Alene, Idaho the young couple set up residence in Edmonton where both have returned to the University of Alberta.

MR. AND MRS. KIM FAY

## ROADSIDE RUBBISH SALE?

One man's garbage is another man's eyesore. Wouldn't you like to get your hands on the junk that left his 'fall' cleaning on this Sturgeon roadside? Why is it that some 'sub-humans' can't be bothered with driving the few extra miles to the sanitary landfill site.

## "Love thy enemy"

By Margarette J. Atkinson  
There, "Black Douglas," lay ---- deep in a trench on French soil.

Blackness and silence around him, ---- Enclosing him as in a "shroud".

Deep in the far distances in his mind, on the distant shores of a homeland he'd left as a lad, he could hear the skirl of the pipes.

In his hand lay a dark leather tobacco pouch. His paper lay open and ready in the other hand.

The gret hour was almost there -- "aye," soon it will be "Hogmaney" (New Year's Eve).

A hand reached out in the inky blackness, touching his helmet gently -- a voice and tongue -- foreign to his ear was whispering words over and over again.

Quickly, licking the rolled cigarette he passed it over to the hand in the darkness.

From a palm cupped to hide the red glow, it went to waiting lips. The cigarette went back and forth until it was finally gone. A new year was in for the innocent enemies, a Scottish soldier in his battle kilts and a German lad far from the warmth of his home.

Silent hands passing in the darkness -- sharing a sadness and a sort of "joy of understanding" for a great event. A moment perhaps of hope for the future.

Two lonely figures, each with a heart filled to the point of spilling over.

The Scot had had left his hills of home as a young man, and lived on Canadian soil a while. But, here he lay, in the dark muddy trench on another foreign soil.

In that silence and the sharing of a cigarette each with a true care -- a divine Will, may have been at work.

The Scot lived to return once more to his loved ones, and the lad who lay in that trench on a far away shore -- lies now at eternal rest in the home he made for his wife and "bairns" in his "adopted homeland," Canada.

Memories of him live on,

though he's gone. His medals and his time in those trenches. "Do I hear the far-off skirl of the pipes at times, when I think of him?" I believe it's true, as I read in my bible, "love thy enemy."

A SCOTTISH SOLDIER

## QUOTATIONS

"If God did not exist, it would be necessary to invent him." Voltaire

"Soap and education are not as sudden as a massacre, but they are more deadly in the long run." Mark Twain

## Safety first

The management at the Redwater Fertilizer Plant has always been concerned with employee safety and have organized committees to look at safety as a total part of the employees' lives. To do this, these committees have gone beyond job safety and set up a number of programs to generate safer living off the job.

In 1976, the plant recorded employee time lost because of 13 home accidents, 11 automobile accidents and seven sport related accidents. The committees assigned themselves to automobile and at-home injuries. In 1977 the number had dropped to four cases in each instance. Defensive driving courses played a large part of the extended program, as well as home safety education, first aid education, sale of safety equipment at

cost price, and other programs.

Now in 1978, as more and more people spend their leisure time involved in a sport of one type or another, the safety committees at the plant have instituted some sport safety programs. One of these was assisting the Bon Accord Rec. Board set up a safe park and baseball diamond. Another, the safety clinic held in Fort Saskatchewan over the weekend.

So far this year, there has been no loss of time attributed to auto accidents, only two home accidents, and four cases related to sports. It appears that the program is showing some very positive results.

The committees are planning farther work in the area of safety and welcome suggestions from interested people in the MD of Sturgeon.

# Housing projections

Life would be a good deal simpler if we could merely gaze into a crystal ball and see what the future holds. For a government, predicting future conditions is vital to intelligent decision-making and planning. While individuals can't do much to predict future events, governments can and do look ahead -- though not through the powers of a crystal ball.

By analyzing past trends and events, researchers can take components of these situations and create a computerized model for projecting future needs. Recently the Central Mortgage and Housing Corporation created and used such a tool in a study charting the anticipated housing needs of Canadians to the turn of the century.

Among the elements making up this model are birth rates, marriage and divorce statistics, figures on immigration to Canada, trends in inter-provincial migration and figures on existing housing stocks. A demographic sub-model provides population projections by age, sex and marital status, while a housing requirements sub-model forecasts new house-

hold formations, housing stock replacement and allowance for housing vacancies. By fitting the various components of the model into patterns CMHC researchers came up with some interesting scenarios concerning Canada's future housing needs.

The need for new housing will generally decline towards the end of this

century, though at present, and lasting into the early years of the next decade, Canadian housing needs are growing. This is the result of post-war boom babies reaching adulthood and forming new households.

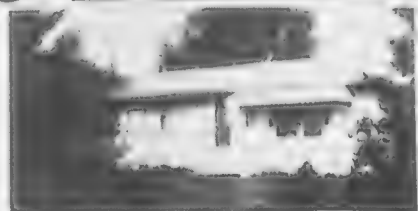

Current trends indicate this generation of young people will have fewer children than their parents and they will have them at a

later age. Consequently, there is not apt to be a dramatic upwards trend in the birth rate, as there was after World War II. Nor will the children of these boom babies create a great strain on housing stock as they reach adulthood towards the end of the century.

A sharp decline, then, will follow the current peak in Please Turn to Page 44

## housing

Continued From Page 43

housing needs. This downwards trend will last from the mid-1980's until the turn of the century. It is a reflection of the lower birth rates of the 1960's and the early years of this decade. Towards the end of the century there will be fewer young people reaching adulthood and forming households.

The actual extent of the peak and subsequent decline in housing needs will be affected by the flow of immigrants into this country. Though immigration will influence housing requirements it is not expected to

alter the basic patterns of housing needs.

As well as anticipating the degree of need Canadians will have for new housing in the coming decades, it is important for government to anticipate where in the country need will be most crucial. Recent trends indicate Newfoundland, Quebec, Ontario and Manitoba are growing relatively slowly, while Alberta's and British Columbia's populations are growing rapidly.

Naturally, an unanticipated change in economic factors could alter these trends.

CMHC researchers suggest future Canadian housing needs are apt to be met by both conventional housing and mobile homes. The role mobile homes will play in meeting housing requirements depends largely on how attractive an alternative manufacturers can make them compared with conventional housing.

## Quote

"When I'm playful, I use the meridians of longitude and parallels of latitude for a seine, and drag the Atlantic Ocean for whales! I scratch my head with the lightning and purr myself to sleep with the thunder. Mark Twain

## STARSCOPE

Clare Annswell

OCTOBER 5 - OCTOBER 11

**AQUARIUS** - January 21 - February 19  
Temper - everyone's - are a little short. Bear up and butt out, and come Sunday things will cool off. Some trouble accepting responsibility on Monday. Financial luck possible Wednesday.

**PISCES** - February 20 - March 20  
Mingling with a new, more stimulating group of people makes you a happy Pisces. Financial setback on weekend - perhaps a surprise bill. Strong romantic comeback after Monday.

**ARIES** - March 21 - April 20  
You realize recent worries were unfounded. Celebrate. Important to avoid overexertion. Romance is in the air, but it's up to you to get it down to earth.

**TAURUS** - April 21 - May 22  
Family, friends and home compete for attention all week. Whoever wins, home repairs should not be postponed. Weekend is lively and fun - especially for marrieds.

**GEMINI** - May 23 - June 21  
Focus split between education and romance, with excellent advancement opportunities in both areas. New acquaintances could prove tiring. Can find "friends" inviting themselves on your adventures.

**CANCER** - June 22 - July 22  
Not the week for hasty decisions. Some of your ideas seem eccentric, but stick with them despite feedback. Take care handling anything mechanical from the weekend on.

**LEO** - July 23 - August 22  
Good business week. Ideas sparkle, you're persuasive. Possible close encounter with a busybody on Thursday-Friday. Old employer or former suitor may try to get in touch.

**VIRGO** - August 23 - September 22  
Could be in the spotlight now. Dealings with teachers, children, admirers and in-laws are favored. Keep your eyes open for bargains - particularly regarding major acquisitions.

**LIBRA** - September 23 - October 22  
Romantic uncertainties vanish - you get proof positive of affection. Don't be casual with children. Some time needed to untangle financial complications. Good entertainment week.

**SCORPIO** - October 23 - November 21  
A couple of troublemakers are lurking. Ignore them. A financially active week and you make small gains. Assorted worries could drain you. Discuss anxieties with loved one.

**SAGITTARIUS** - November 22 - December 22  
Accident prone on Thursday-Friday - be really careful in sports activities. Watch leanings toward overconfidence. People suddenly seem nicer - and you've rarely felt so charming yourself.

**CAPRICORN** - December 23 - January 20  
Ideas are good but they need chemical reactions. Find a soul mate and share thoughts. Errors can happen in routine jobs around the weekend. Creative projects are fun - but expensive.

**BIRTHDAY THIS WEEK**  
Your natural tact and diplomacy make you a good friend, and an important relationship can be launched by winter. Yen for luxury will have to be curbed - get to enjoy being thrifty.

**BORN THIS WEEK**  
October 5th, actress Glynis Johns; 6th, actress Carole Lombard; 7th, scientist Niels Bohr; 8th, aviator Edward Rickenbacker; 9th, musician John Lennon; 10th, playwright Harold Pinter; 11th, stateswoman Eleanor Roosevelt.

C.C.M. Tacks, size 4; hockey pants, Shoulder pads, size 12 boys; boy's boots, size 3 and 4; girl's leather coat, size 12 boys; leather jacket, size 14. Ph: 459-4720.

Four man rubber dingy, \$80. Call 459-3919 after 4:30 p.m.

Swing set, \$20; Tyco train sets, 1/2 price; portable Brother typewriter, \$70. Ph: 459-3715.

Pro drum set, like new, English make, "Hayman" gold showman double Tom outfit. Zildjian cymbals, heavy duty hardware. Drum covers. Phone 459-7505. 4892/40/tfn

**BALLET SHOES** for sale. One pair, size 1 c width, black, pleat toe. Used only one term, \$4. One pair for a tot, size 10 - 11, black, \$1. Phone 459-6392.

Five foot Rubber plant for sale. Phone 459-8353.

37 yards of two tone shag carpeting, plus 1/2 inch underlay. Good condition. 5 years old. Phone 459-6177.

**LAKE LOT AND CABIN**  
Pigeon Lake, second row with view of Lake. Phone 459-8235.

Bedford Basin in Halifax was used by the Atlantic convoy fleets during the second world war. At six miles square, it is big enough and deep enough to accommodate the combined navies of the world.

Winnipeg, sometimes referred to as the "Chicago of the Canadian West," was at one time called Fort Rouge. Later it was changed to Fort Garry, but it's present name came from the Cree language and means "murky water."
